SUFFRAGE IN LEAD VOTES BY 1041

CITY READY TO GREET TAFT

Nation's President to Be Guest of Oakland for Several Hours Tomorrow
Cornerstone Laying to Be Main Feature of Celebration While Executive Is Here

Oakland's citizenry will turn out tomorrow in full force for the double purpose of greeting William Howard Taft, President of the United States, and of assisting at the ceremony of laying the cornerstone of the new Oakland City Hall. The celebration will be the greatest this city has ever known, as it marks a fitting honor to the nation's chief executive for his courtesy in being the guest of the city and a suitable recognition of the fact that the erection of the new City Hall opens a new epoch in the history of the community.

Taft will be greeted by the citizens of Oakland and the guests of the city in a grand parade through the main business district and the nearer portions of the residence district. Ample opportunity will be given the people to welcome the President as the line of march will be long.

TO DELIVER ADDRESS.
In the midst of the ceremony of welcoming the nation's chief will come the ceremony of laying the cornerstone of the City Hall. Taft will take part in this and will make his formal address to the citizens of Oakland as the main speaker at the cornerstone laying. Most Worshipful Dana R. Weller, grand master of the Grand Lodge of Masons, and the other grand officers of the order will conduct the ceremony.

The new City Hall will be one of the most notable public buildings in the United States, as it marks a new departure in municipal architecture, destined to be copied in many other cities of the republic. Utilizing to the full the possibilities of structural steel and reinforced concrete, the structure will combine the classic monumental type of architecture with the tall office building skyscraper characteristic of the modern development in centers of population.

EVENT OF INTEREST.
With the interest that has been aroused by the erection of this fine building, pointing, as it does, to the magnificent progressive period upon which the city of Oakland is entering, the laying of the cornerstone becomes an event of deep significance to the people of Oakland and of interest to the people of the entire country.

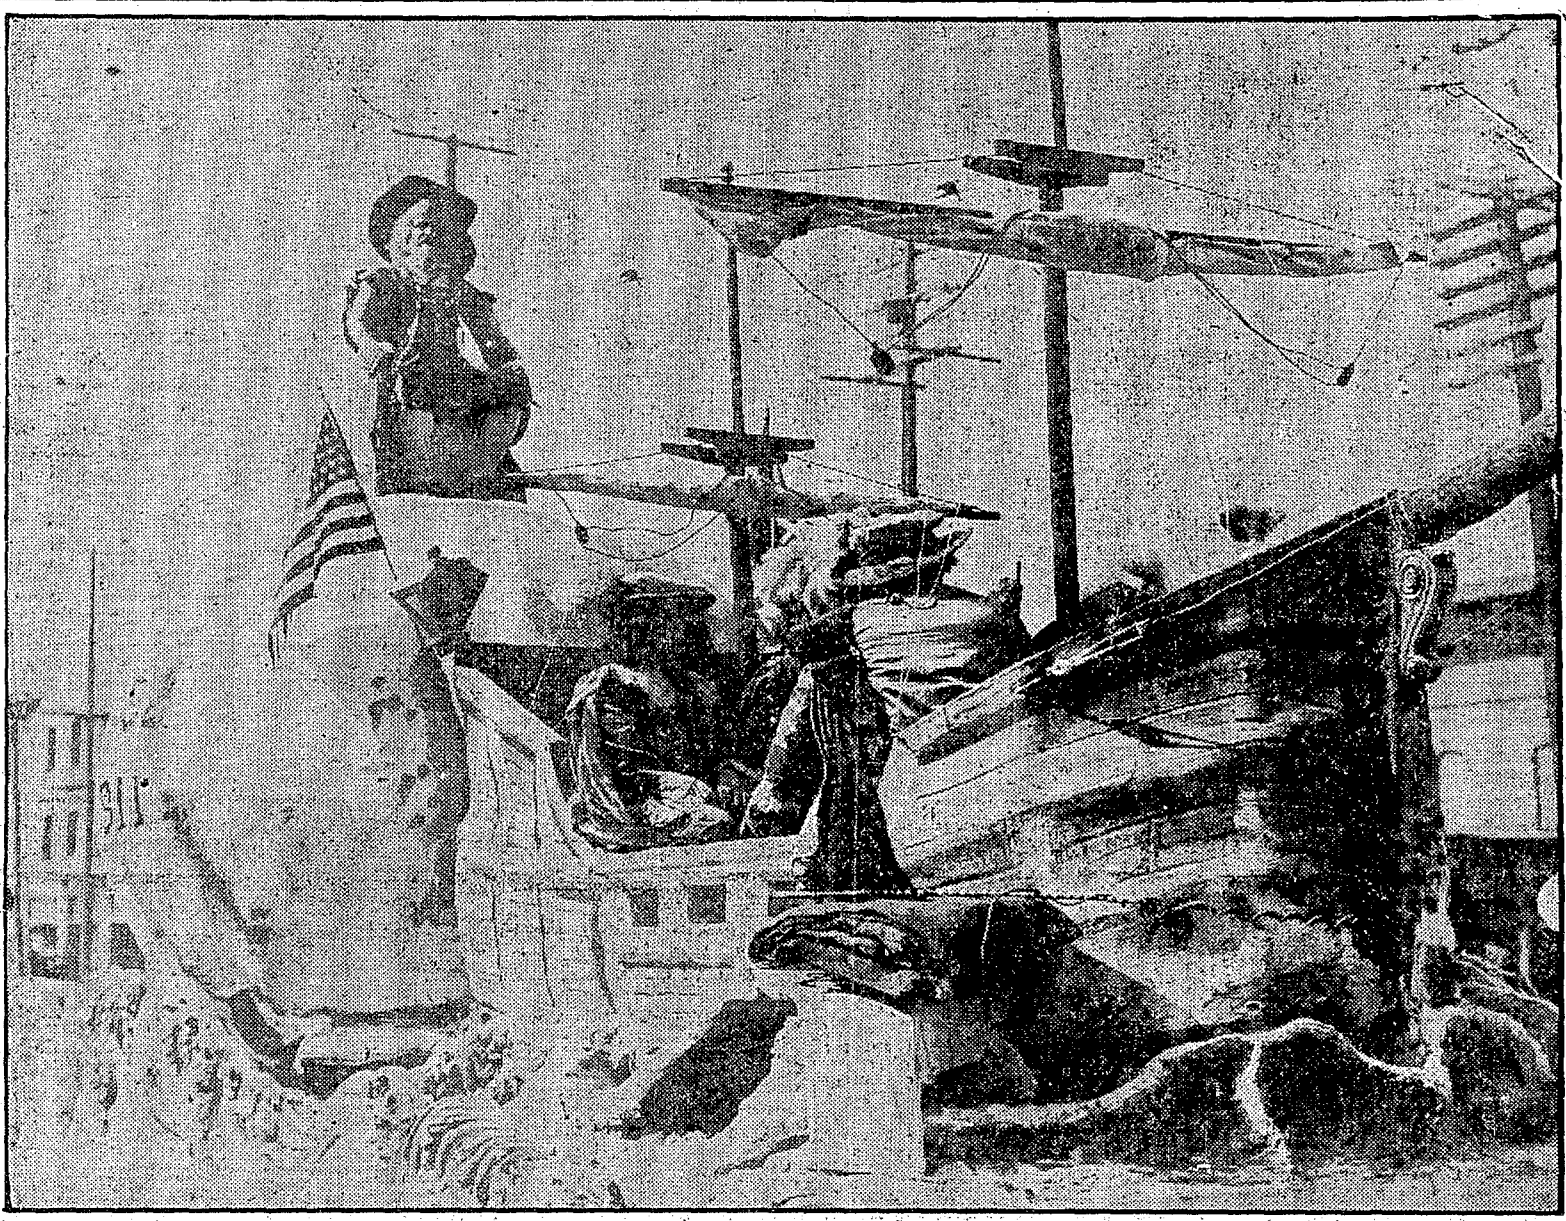

(Continued on Page 3, Cols. 2-3.)
Aviator Rodgers Pauses in Flight
Rests in Kansas City While Mechanics Overhaul His Aeroplane.

KANSAS CITY, Oct. 12.—Suspended for a time westward progress in his coast-to-coast flight, C. E. Rodgers rested today at the aviation field at Overland park, nine miles west of here, while his mechanics gave him machine a thorough overhauling. Rodgers plans to start south-west tomorrow and head for Fort Worth.

Mississippi River Is Rapidly Rising
Missouri, On the Contrary, Has Fallen Eight Feet at Omaha.

CHICAGO, Oct. 12.—The Mississippi river is still rising, according to the United States weather bureau. The following stages were reported today: La Crosse, 9.2 feet, rising; Dubuque, 8.2 feet, rising; Davenport, 5.5 feet, rising.
Missouri river: Omaha, 8 feet, falling; Kansas City, 8.2 feet, falling.

THOUSANDS SEE GORGEOUS PAGEANT COLUMBUS DAY IS FITTINGLY OBSERVED

Columbus (CAMILLE CEREGHINO); discoverer of America, on-top of the-world. One of the floats in the parade today.

LABOR LEADERS ASK COURT FOR DISMISSAL

WASHINGTON, Oct. 12.—President Gompers, Vice-President Mitchell and Secretary Morrison of the American Federation of Labor today petitioned the district supreme court to dismiss the charges of contempt preferred against them by a committee of lawyers appointed by the court last May after the supreme court of the United States had decided jail sentences for the labor leaders were illegal because they had been criminally charged in a civil case.

Government Wins the General Electric Case

TOLEDO, O., Oct. 12.—In the federal court here Judge John M. Kilitz rendered a decree in favor of the government in the case brought by the United States attorney general last summer in Cleveland against the General Electric company and about forty subsidiary companies controlled by the General Electric company, under the Sherman anti-trust law.

Aviator Fatally Injured In Plunge of Fifty Feet

RHEIMS, France, Oct. 12.—Aviator Level was probably fatally injured in a fall today. He was swooping along in his biplane about 50 feet from the earth when something went wrong with his machine, and the aeroplane plunged downward, striking a telegraph pole. Level was unconscious and barely alive when taken from the wreckage. It was found that the skull and spine had been fractured.

CHARLEVILLE, France, Oct. 12.—M. Horta, a student of aviation, while practicing at a height of 30 feet, fell today, receiving internal injuries. His machine capsized.

Street Parade Is One of the Notable Features

Forty thousand strangers and more than twice that number of residents of this city and vicinity, in a most imposing manner, today commemorated the four hundred and nineteenth anniversary of the discovery of America by Christopher Columbus. The commemoration was of a composite character. There was a parade of civic and military organizations through the principal streets of the business section of the city and a reproduction in a most realistic manner on Lake Merritt of the landing of Columbus. In the street parade there were representatives of every country under the sun.

In the display on the lake there were realistic models of the caravels, the trinity of tiny craft, the Nina, the Santa Maria and the Pinta, in which the great discoverer and his hardy followers first reached these shores on their attempt to find a route to the Indies.

INDIANS ON SHORE.
There, too, were representatives of the Indians, whom the navigators found swarming the shores. These were represented by members of the order of Red Men, all of whom were as fantastically garbed as were the natives of this country when the wondering eyes of the visitors first gazed upon them.

These modern representatives of the noble red men were supplemented by 50,000 persons in modern costume who lined the beautiful shores of the lake for the purpose of paying tribute.

'VICTORY OURS' MRS. WATSON WIRES

NEW YORK, Oct. 12.—Dr. Anna Shaw, the suffragists' national president, received this telegram this afternoon from San Francisco:
"Praise God; victory ours. Four thousand majority."
(Signed)
"ELIZABETH LANE WATSON, President California Suffrage Association."

Town Sewer Torn Up In Search for Gems

A Woman Loses Six Diamond Rings and Men in Village Begin Hunt.
ESTACADA, Ore., Oct. 12.—Searching for diamond rings said to be worth \$2500, nearly the entire male population of Estacada is at work digging up a sewer that runs from the town to the Clackamas river, half a mile distant. Mrs. J. W. Hawkins, a guest at a summer hotel in Estacada, yesterday dropped a handkerchief containing six valuable rings tied in it and before she could recover it the handkerchief had been sucked out of sight.

Treasure-Laden Ship Leaves Alaskan Port

NOME, Alaska, Oct. 12.—The steamship Victoria sailed for Seattle Tuesday with 600 passengers, has more than a million dollars in treasure aboard. The gold is the output of several miles in the Seward peninsula district. Two more steamships are to sail for the States before navigation in Bering sea is closed for the winter, and it is expected they will carry large amounts of treasure.

MAJORITY OF OPPOSITION IS SOON REDUCED

Indications Point to Success of Women's Fight at the Polls, Returns During the Morning Being in Favor of "Cause"

Discovery of Error of 1000 in the Total Cast Against in Santa Barbara County Brings About Further Rapid Changes in the Result

GAINS ACCUMULATE AT HIGH SPEED

SAN FRANCISCO, Oct. 12.—Unless another kaleidoscopic change takes place in the present status of the vote on woman suffrage, the women of California have won their fight for the ballot. At 2:15 o'clock this afternoon with about 350 of the precincts to hear from, the vote stood:
For suffrage, 115,489; against, 114,448; majority in favor, 1041.

This includes complete returns from only few counties, including Alameda, Amador, Calaveras, Del Norte, Marin, Merced, Napa, Nevada, Orange, Sacramento, San Francisco, San Joaquin, Santa Barbara, Sutter, Tuolumne and Yolo.

Most of the missing precincts are in the counties of the northern part of the state, which will probably not be heard from for several days, and in Tulare and Imperial counties.

Missing Precincts Favor Suffrage

SAN FRANCISCO, Oct. 12.—Returns from eighty-five additional precincts received from Los Angeles, Alameda and Shasta counties up to 12:30 p. m. apparently wipe out the slender majority standing against woman suffrage and for the first time show a vote in favor of that amendment. The net result of these precincts show an apparent majority of 31 votes for woman suffrage. About 400 precincts, the majority of which are relied upon to show small majorities in favor of suffrage, are yet to be heard from. Many of these will not come in for several days.

Error of 1000 Votes Discovered

SAN FRANCISCO, Oct. 12.—If the present ratio of gain is kept up woman suffrage will be shown to have carried at last Tuesday's State constitutional State amendments election by a safe majority. Belated returns this morning from sixty-eight precincts in San Luis Obispo, San Diego, Fresno, Riverside and San Joaquin counties reduced the majority against suffrage, which stood at 2 o'clock this morning 808 to 356. This shows an average majority for woman suffrage of about eight votes to a precinct. The returns received this morning are from outlying precincts, which almost invariably have shown a majority in favor of granting suffrage to women.

So far 2520 out of 3120 precincts have been heard from. If this ratio of gain is maintained in the remaining 608 precincts woman suffrage will win by a majority of more than 4000. As a majority of the precincts yet to be heard from are very small, however, it is hardly expected that this ratio will be kept up. But advocates of the suffrage movement are now confident that their battle was won by a majority of from 2000 to 3000. Every effort is being made to obtain the returns from the remote districts.

Late returns from Tehama, Siskiyou, Plumas, Shasta and Butte.

Governor Again Prolongs The Life of Mark Wilkins

SACRAMENTO, Oct. 12.—Mark Wilkins, sentenced to be hanged at San Quentin tomorrow for the murder of his wife, was reprieved by Governor Johnson today until November 17. The Governor reprieved Wilkins some time ago and did so again that he might examine the man's application for a commutation of sentence.

BEAUTIFUL FLOATS MARK COLUMBUS DAY PARADE

CARNIVAL TO BE HELD TONIGHT AT LAKE

Explorer and Followers Land From Caravals in View of Thousands.

(Continued From Page 1)

der the command of Captain L. N. Cobble.

The float followed a number of decorated automobiles containing Mayor Mott and several members of the board of commissioners of this city, Senator Stetson and several other members of the committee having charge of the display.

The float which bore Queen Ottillia was elaborately decorated with flowers and palms and the sides were decorated with richly carved festoons in gilt. At the base of the throne were a number of courtiers all correctly attired in the costume of the time of Queen Isabella.

SOCIETIES IN LINE.

M. Pozzi was the marshal of the third division and had as aids M. Gildardi and W. G. Bruno. This division was composed of societies from various parts of the state, all of which were headed by brilliant banners, many of them being elaborately embroidered and containing at the same time oil portraits of the men in whose honor the organizations had been formed. Among these fraternities were the following from the several places specified:

Martinez, Contra Costa county—Societa Dante, Marconi Grove No. 153, Circio Marconi, Concord Benevolent Society, Contra Costa No. 202.

Napa county—Societa di Mutua Beneficenza, Aurora Circle No. 49, William Tell Grove No. 77, Societa Operaria Italia-Swiss, Napa Circle, Societa Operaria di S. Helena, Fraternity Grove No. 115, Sonoma county—Sonoma Grove No. 75, Unity Grove No. 149, Sempione Grove, Bodega Grove No. 196, Giuseppe Verdi Grove No. 109, Cloverdale Grove, Santa Joaquin county—Concordia Grove No. 98, Corte Cavallotti, Societa Bersagliieri.

Santa Cruz county—Santa Cruz Grove, Niagara Grove.

Santa Clara county—Columbus Grove No. 74, Gilroy Grove No. 130.

San Francisco—Societa La Massa, Rappresentanza Pescatori.

Solano county—Benicia Grove No. 120, Splendid Float.

The left of the division was brought up with a magnificent symbolic float equal in thought and execution to any which has ever appeared in a public display in this part of the country. It symbolized the mastery over the world which has resulted from emigration and the impetus given to the discovery of lands, theretofore unknown, by the achievement of Columbus in discovering this continent. The display comprised an immense globe upon the summit of which was seated Columbus in the tra-

dional robes of a Spanish admiral and on the forward part of the conveyance was a fine representative of a Spanish caravel, with sails bulging in the breeze, while aboard were representatives of the sailors, retainers and missionaries who accompanied the intrepid sailor on his quest for new countries.

W. E. Gibson was the marshal of the fourth division, and was assisted in his command by W. J. Culligan and G. Angell. This division consisted of a number of local Italian lodges, all the members of which wore the respective badges of their associations and white canvas hats bound with a red, white and green ribbon. These organizations were as follows:

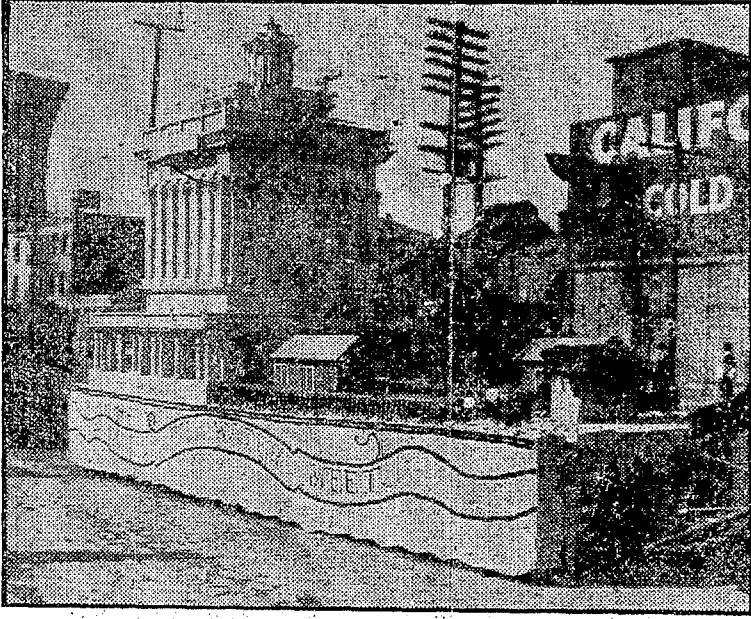

Societa Cristoforo Colombo, Roma Grove No. 95, Woodmen of the World, Corte San Gottardo, Alden Grove, Carreggiatori Italiani di Oakland, Serpa Pinto Grove No. 133, Carreggiatori Italiani di Alameda, Giardinieri Italiani di Alameda.

The close of the division was signalled by a float representing "Progress," which showed the advancement made in this section along various lines, the display being embodied in a wealth of palms and flowers, which intensified the attractiveness of the tableau.

SIXTH DIVISION.

The sixth division was commanded by Gustav Mann, whose aids were J. E. Hayden and Alex. McQuarrie. It comprised a number of members of the Redmen Lodges of this city, who subsequently took part in the discovery pageant on the lake. The close of the division was emphasized by a replica of the new city of Oakland, now in course of construction, which showed not only the beauty of the architectural lines of the new municipal structure for this city, but also set forth by means of a series of docks, the great advantages which are enjoyed here for the carrying on of business of all kinds, and in a special manner the development of commerce by the bringing of ship and car together.

The sixth and last division was headed by Supervisor W. B. Bridge, whose aids were Owen Paul and Walter Gill. It comprised a number of organizations from the newly-annexed district which had a variety that proved very attractive to the spectators. Among these were the Lockwood school band, ladies

mounted, drum and drill corps of Fruitvale, Eagles Aerie No. 1275, mounted cowboys, Fremont High School band, float of the Ladies of the Macabees, Elve No. 70, "Uncle Sam," Melrose band, Fruitvale Camp team of Modern Automobiles of America No. 1414, decorated automobiles.

ROUTE OF PARADE.

The route of the procession was as follows: From Second and Broadway north on Broadway to Eighth street, west on Eighth to Washington street, north on Washington street to Fourteenth street, west on Fourteenth to Clay street, north on Clay street to San Pablo avenue, south on San Pablo avenue to Broadway, south on Broadway to Seventh street, counter-marching at Seventh street and going north on Broadway past the reviewing stand at the liberty flagpole to Twentieth street, east on Twentieth street to Harrison boulevard, north on Harrison boulevard to Grand avenue, east on Grand avenue to Adams Point, where the parade was disbanded for luncheon.

During the luncheon hour there was a very enjoyable concert given by Scott's band. At the close of the concert, the ships of Columbus appeared in the offing and after due time cast anchor, and small boats were put off from them to the shore loaded with sailors and military retainers at the head of whom was Columbus, impersonated by C. Cereghino. The strangers were met on the beach by the Indians, represented by Redmen of this city and vicinity, with whom there was a simulation of peaceful negotiations. Then came the departure of Columbus for Spain and the reception at the court of Ferdinand and Isabella of the great voyager, the queen being represented by Mrs. Ottillia Paul, her maids of honor being Miss Rachaelina Bertola and Miss Maud Stromer.

LITERARY EXERCISES.

The literary exercises were opened by introductory remarks by Senator John W. Stetson, the president of the day, who spoke of the importance to the world of the achievement of Columbus which was today commemorated. The senator was followed by Mayor Frank Mott of this city, who spoke as follows: "Surrounded by environments so beautiful and with suggestions so inspiring, it is indeed an unmitigated pleasure to welcome you today. On behalf of the city of Oakland, I extend the warmest greeting to you all to the thousands of strangers within our gates, to those who have so elaborately and with such marked educational value provided the spectacle that brings home so forcefully the trials and ultimate success of that discovered whose great achievement we commemorate today, and to our own citizens. And in extending this welcome, I know I can do so unreservedly and with a pride which I have no reason to conceal, for this city of ours was never so broad in its civic policy as it is today, and we know that we need have no hesitancy in inviting strangers to share with us its natural and acquired advantages and its many points of interest and beauty.

"My mind goes back to the day of which this is the 49th anniversary. After a long and tedious voyage in ships that were altogether unworthy from our modern point of view, a voyage in which mutiny, distrust and threatened assassination were added to the many cares and troubles of Christopher Columbus, I see that grand old navigator dropping anchor off the coast of the Bahama Islands. The exact spot is known today as Watling Island, but in the day of its discovery the nameless knoll was

christened San-Salvador by the man who had sailed over an uncharted ocean and found it.

"And after such a perilous journey, what welcome awaited him? As he landed from his boat to plant the cross on the sands and to proclaim the sovereignty of his royal patrons over the newly-discovered world, who were there to greet him? Nobody but a band of Arawak Indians, who would have destroyed the entire band of discoverers but for their fright and superstition.

"Columbus navigated that waste of waters under conditions that would not be permitted by governmental authorities today and yet he had to beg for years to get the necessary funds and permission to go forth in search for that new world which he had been inspired to believe existed away beyond where the sun disappeared beneath the waters of the unknown seas.

"Columbus had but three weak vessels, two of them not even decked; he had no chart, only the most crude instruments, no power but the wind—nothing but his undaunted courage and hope. Even the sailors distrusted him and believed him to be insane, and we know that on the very day, October 11, 1492, he had compromised with his men that if land were not discovered on the morrow the proof of his seaworn vessels should be turned eastward toward the port from which they had sailed.

CENTURIES OF HISTORY.

"Those miniature caravels floating so peacefully on the waters of our beautiful lake, just a short distance from where giant ocean steamships load and unload at our wharves, speak of four centuries of history. With the opening of the Panama canal at hand, who can help giving fullest vent to their enthusiasm as we stand here today to bear the story of the very beginning of our beloved land—its actual discovery? But others will tell you of that. My mission today is ended when I have welcomed you to this city, which stands on the sunset edge of the vast continent which was first made known to the civilized world by Christopher Columbus. Bridge over the centuries in your imagination and note the progress of the world since 1492. Between that year and 1911 is contained the entire history of our country. In those four centuries this land has become from which Columbus came and which are today taking lessons from us. The most modest income earned by any American citizen today secures for him many luxuries that were impossible and unknown to Ferdinand and Isabella and the other kings and queens of the earth when Columbus took his three tiny ships out on the vast unknown ocean to discover the country which today sets the standard of progress for all the world.

"This was followed by a solo by Miss Lucia Cianciarulo; a chorus, "Land to the Leeward" and "Flowers of Liberty," by 400 children from the Fremont High school, under the direction of Miss Alice Bumbach.

Then came an address by President Wheeler of the University of California and a poem on Columbus by John J. Cox.

An aeroplane flight by Weldon Cooke and an exhibition of a hydrocycle by Eugene Frey are scheduled for this afternoon.

As THE TRIBUNE goes to press the following athletic program is being carried out: High and fancy diving events; Nellie Schmidt of Alameda, George Bond and Walter Pomeroy of Olympic Club, Regatta.

KEY ROUTE TO ACT AS THE HOST

Representative Men From Los Angeles Are to Be Entertained in Oakland.

On Sunday, October 22, the management of the Key Route is to entertain in a liberal and practical manner 200 of the most representative men in the southern part of the state who compose what is known as the Traffic Association of Los Angeles.

This project on the part of the management in question will undoubtedly be appreciated by the guests and will unquestionably result greatly to the benefit of Oakland and this vicinity.

The coming visitors are men of intelligence, successful in great business undertakings and, at the same time, of influence and wealth. They are addicted to disposing of their money in a manner which will bring to them the greatest and the surest return and while there are but a few of them who have as yet placed their money in enterprises in this section, there is a well-grounded belief that many of them will be shown things on the coming visit which will convince them that here there are opportunities for profitable investment which can be nowhere else.

They will be brought from San Francisco by the Key Route and taken to all points of interest in this vicinity, Berkeley and Piedmont, and afterward entertained at lunch in the Key Route Inn. Special care on the Oakland and Traction Company will be used for the purpose of the exposition of the advantages of this section and at stated places refreshments will be served.

The visitors from the south will spend the preceding day in San Francisco as the guests of the Traffic Association of that city.

HINES IS CALLED IN LORIMER CASE

Chicago Lumberman Is Put on Private Grill This Morning.

CHICAGO, Oct. 12.—Edward Hines, a Chicago lumberman, was called before an executive meeting of the United States Senate Committee investigating the election of Senator William Lorimer, this morning. Members of the committee called Hines in to put him for about half an hour, while other witnesses waited for the formal opening of the day's hearing.

Friends Fear for the Safety of Missionary

OMAHA, Oct. 12.—Relatives here of Miss Hilda M. Byles, formerly an instructor in the Omaha High school, now engaged in missionary work in Kuling, China, have expressed fear for the safety of the young woman. Winter Byles, a local newspaper writer, brother of Miss Byles, has not heard from his sister since the outbreak of the rebellion.

Import Portuguese To Work Plantations

HONOLULU, Oct. 12.—A message was received here today that the steamer Willemsen has sailed from Portugal to this port with 1850 immigrants on board, to work on the sugar plantations.

Knees Became Stiff
Five Years of Severe Rheumatism The cure of Henry J. Goldstein, 14 Barton Street, Boston, Mass., is another victory by Hood's Sarsaparilla. His great misfortune has succeeded in man cases where others have utterly failed. Mr. Goldstein says: "I suffered from rheumatism five years, it kept me from business and caused excruciating pain. My knees would become as stiff as steel. I tried many medicines without relief, then took Hood's Sarsaparilla, soon felt much better, and now consider myself entirely cured. I recommend Hood's." Get it today in liquid form or chocolate tablets called Sarsatabs.

John R. Walsh's Name Is Not Written There

Name of Former Banker Does Not Appear on the Parole List.

LEAVENWORTH, Kas., Oct. 12.—In the first list of paroles granted by the federal board of parole at its last meeting, the name of John R. Walsh, the Chicago banker, does not appear. Either ten or eleven men at least, none of whom were bankers, have been ordered released, it is understood.

Walsh's hearing came before some of the men who are to be paroled. As the cases are taken up numerically by the board this is thought to be an unfavorable sign.

The bankers who are to be paroled are said to be from Indianapolis, five Indians bankers, Max P. Emmerich and C. P. Prinzler of Indianapolis, E. H. Detzer of Fort Wayne, J. H. Phillips of Terre Haute and F. H. Nichol of Chicago, all five-year men, made application for parole at the last meeting.

SEEK TO ATTACH FUND OF 18 BANKS

JACKSONVILLE, Fla., Oct. 12.—Garnishment proceedings against 18 banks supposed to hold funds of the Seaboard Air Line Railroad Company and Knickerbocker Trust Company of New York were instituted today by the Florida Railway Company, which last week filed suit for \$6,000,000 damages against the Seaboard and the trust company.

Thousands of Eager Eyes Waiting

Two Presidents Are Center of Unusual Interest in Sunday Tribune.

Two stupendous problems are before the American people. The principal one is "What about President Taft?" The other is "What about Mormonism?" On Sunday, October 15, the eyes of hundreds of thousands will be riveted upon the statements of President Taft, his movements and expressions pertaining to the future policy of the President toward California. This alone, with the splendid photographs and full accounts of the cornerstone ceremonies in Oakland and the ground-breaking event at San Francisco, means a wonderful demand for the news, but another important statement from President John Henry Smith, highest in authority in the

Church of Jesus Christ of the Latter Day Saints (Mormon church), makes the Sunday issue of THE OAKLAND TRIBUNE a much sought after edition.

The extent of circulation and careful readings is incalculable. These features are recognized by all successful real estate brokers and others having investment features to place before the reading public in California, Arizona, Nevada and Utah. This edition, profusely illustrated with photographic features in colors, will be prominent in every home where the activities of the two presidents mean so much.

Reserve your space before Saturday morning on account of large extra press run and magazine features.

MUNYON WINNING HEART OF PEOPLE

Throng Prove Power of Noted
Easter to Prove
Theories.

Whole Family Brought Up On
Famous Remedies and All
Healthy.

The extraordinary success attained here by the new form of medical treatment being introduced here by Prof. James M. Munyon, the famous eastern health expert, has become a matter of wide comment. That Munyon has won the heart of the people is shown by the large number of people who call at his office in a continuous stream. Many of those who come in are returning to tell of benefit received from Munyon's new treatment.

Hardly an hour can be passed in Munyon's office but that some one returns to tell of a remarkable case cured or helped by this Munyon treatment. One woman said:

"I want to see Prof. Munyon to tell him what his remedies have done for me all my life. When I was a little girl my mother used to give me his remedies every time I got sick, and they always brought me through. We had nothing else in the house."

"Now I am married and have my own family of dear little children, we still have nothing but Munyon's remedies in the house. We are the healthiest and happiest family in the city, and neither myself nor any of my family have ever in our lives taken any other medicines but Munyon's—that is, except once. My little girl had a terrible attack of indigestion and I called a doctor. He gave her some medicine, but it didn't help her. Then I ran to my medicine chest and got some of Munyon's indigestion remedy, and within an hour she was resting easy. It was the same way with my grandmother. She had the most severe case of rheumatism I ever saw. Doctors treated her and we did everything we could think of, but she kept getting worse all the time. I begged her to see Prof. Munyon, but she said she had no faith in the 'new fangled medicines.'"

"Finally, however, she consented to come in and purchased the full uric acid treatment. It worked just as all of Dr. Munyon's remedies have worked—perfectly. Within a week her rheumatism had entirely disappeared, and now she has not a trace of it. You see what I think of Dr. Munyon. I can never say enough for him."

Munyon maintains offices in San Francisco in the Harry F. Plannery building, 702 Market street, and in Oakland in the Macdonough building, Fourteenth and Broadway. Office hours from 10 in the morning to 6 at night.—Adv.

GOVERNMENT TO WIDEN LOWER SACRAMENTO

SACRAMENTO, Oct. 12.—United States District Attorney Robert Devlin has been instructed by the federal government to bring condemnation proceedings against the owners of the land in the down river district, which is desired for widening the stream for the purpose of unblocking the river.

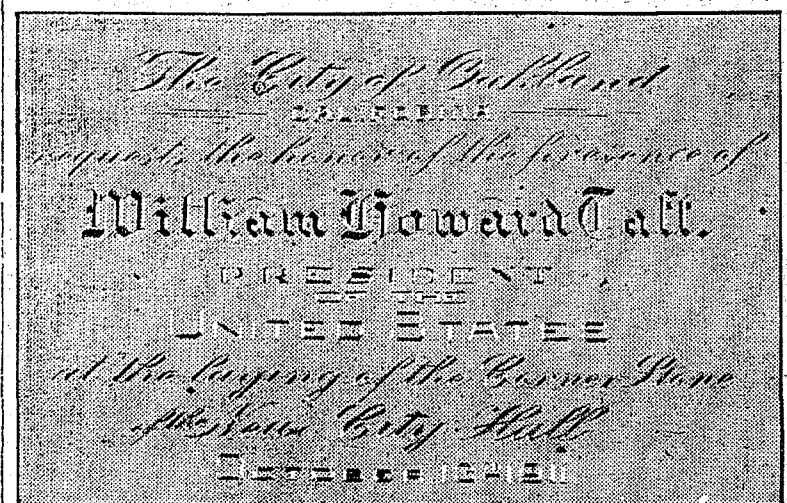

The strip lies between the Joseph district and Collinsville on the lower Sacramento.

The action of the government is taken as an indication that the work of unblocking the river to relieve flood conditions will continue from now on until completed.

FOLEY KIDNEY PILLS
supply just the ingredients needed to build up strength and restore the natural action of the kidneys and bladder. Specially prepared for backache, headache, nervousness, rheumatism and all kidney, bladder and urinary irregularities. Wishart's Drug Store, corner 10th and Washington streets.

INVITATION TO PRESIDENT TAFT IS ENGRAVED ON PLATE OF SOLID GOLD

Gold Plate Invitation to President Taft and Silver Trowel to Be Used
in Laying City Hall Cornerstone.

Silver Trowel Is to Be Used to Lay the Cornerstone

(Continued from Page One.)

thousands of visitors who will come here from other cities.

Preparations for the event have been in the hands of a committee of prominent and efficient representative men of Oakland and every feature for tomorrow's great celebration has been worked out to the last detail.

Merchants and business men of the city have co-operated generously with the committee in charge and in the last few days the city has put on its gala attire to welcome the nation's chief. Bunting and flags drape the buildings and residences along the full line of march, and the region about the City Hall has been beautifully decorated for the occasion.

GUESTS OF HONOR.
Special care has been taken in the erection of a grandstand at the City Hall, and every point of vantage has been utilized to accommodate the maximum number of guests of honor at this point. In Fifteenth street, facing the corner of the new building, where the huge granite block forming the cornerstone already rests in place, has been erected a large stage, and the construction of this has been so excellent that following Taft day it is to be removed to Lakeside Park for a concert grandstand.

The excavation for the new City Hall, floored with planks and banked on four sides with bleachers with seats, will accommodate a large crowd eager to pay their respects to President Taft and to assist at the memorable occasion of the laying of the cornerstone for the City Hall.

TO WELCOME TAFT.
President Taft and the presidential suite will be greeted on the arrival of the special train at the Key Route Inn at 3:45 o'clock tomorrow afternoon by Mayor Frank K. Mott and the committee of well-known citizens headed by Chairman Edison F. Adams. Here the President will be presented with the beautifully engraved solid gold plate bearing the invitation of the city of Oakland to President Taft to be present at the laying of the City Hall cornerstone.

The gold plate has been completed and was on exhibition in the show window of H. Morton, at Fourteenth

street and Broadway today. It was viewed by throngs of admirers.

The plate is made of pure gold, exquisitely engraved with the inscription:

"The City of Oakland, California, requests the honor of the presence of William Howard Taft, President of the United States, at the laying of the cornerstone of the new City Hall, October 13, 1911."

The plate is enclosed in a handsome seal leather case, lined with fine white velvet. It is of a character to reflect great credit upon the goldsmith, H. Morton, who designed and executed the work.

SOLDIERS IN PARADE.
Guarded with fitting honor, companies of United States soldiers numbering 2000, and with bands playing, the procession will carry the carriage bearing President Taft, Mayor Frank K. Mott and members of the Presidential suite will move through the streets, flanked by masses of cheering citizens.

The ceremony of laying the cornerstone for the great municipal edifice, which, standing nineteen stories in height, will dominate the city for many years to come with its imposing proportions, will be sandwiched in between two portions of the parade.

The granite block, which will contain the receptacle holding the documents, coins, flags and other mementos to be enclosed in the cornerstone, has already been set in place. Over this is suspended a second block, and when the metal box containing the souvenirs in enclosed, the upper block will be lowered and cemented in place, the effectively guarding the historic documents until that day many decades hence, when this fine structure shall become a thing of the past.

The trowel to be used by Grand Master Weller is of silver and has been prepared especially for the occasion. The trowel will be presented to Grand Master Weller by the city of Oakland. It bears the following inscription, beautifully engraved upon the blade:

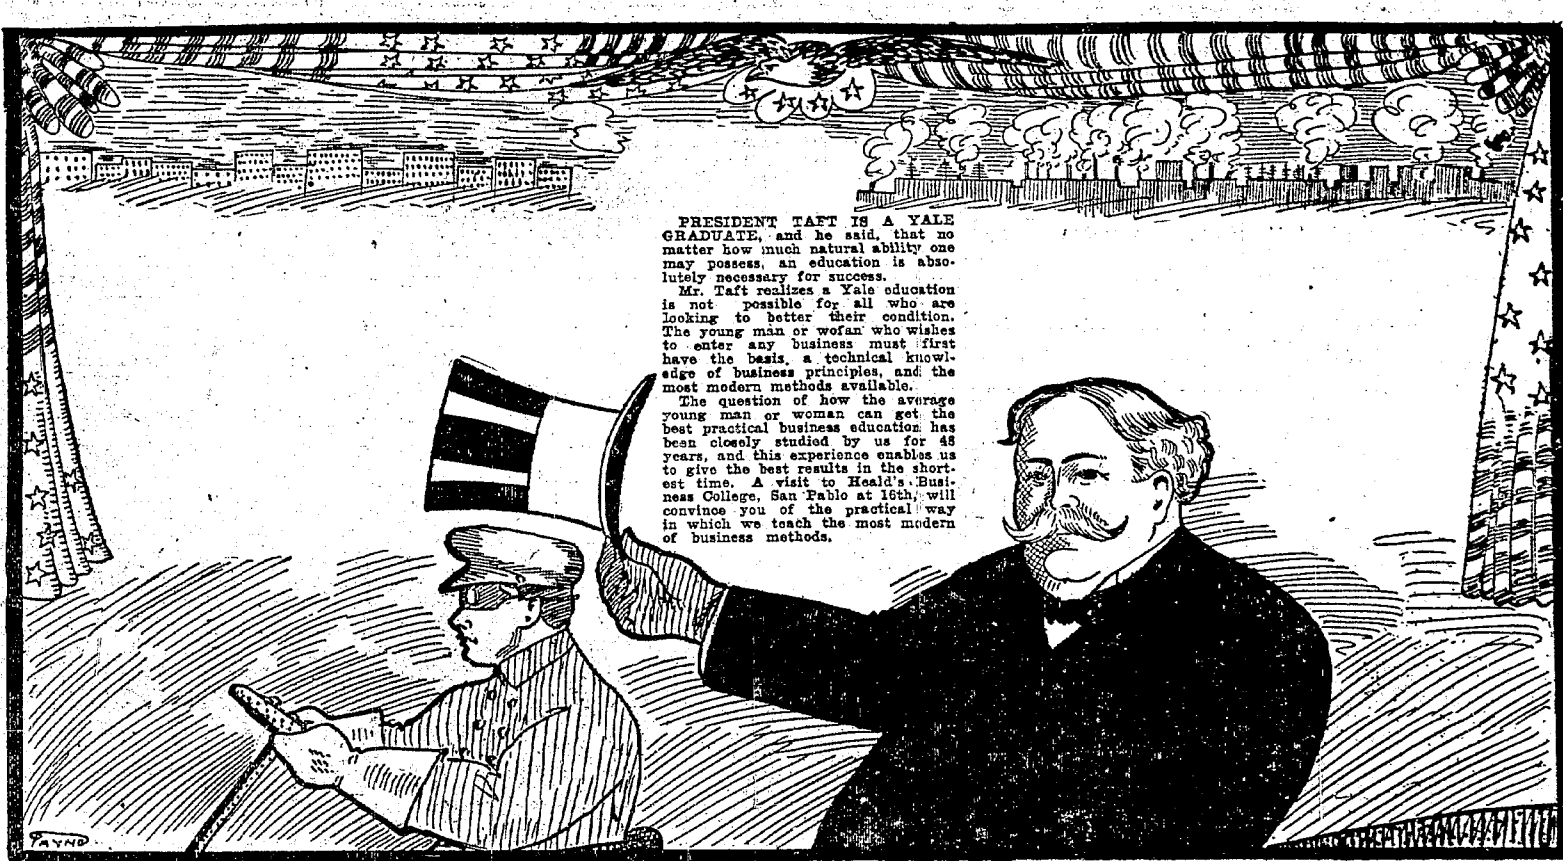

To the Most Worshipful Dan Reid Weller, grand master of the Masons of California, from the city of Oakland, on the occasion of the laying of the cornerstone of the new city hall, October 13, 1911.

Following the ceremony, President Taft will be introduced by Mayor Frank K. Mott and will make his formal address to the citizens. The city hall excavation and bleachers, it is estimated, will accommodate a crowd of about 6000 to listen to the President's address and witness the ceremony of the cornerstone laying.

Following the ceremony, the parade will reassemble, augmented by the uniformed ranks of the Knights Templar. The procession will move through the streets on an extended line of march and will proceed to the city of Broadway, where the Presidential party will embark on the government tug General Slocum for a cruise of the Oakland waterfront on inspection, and the trip to San Francisco.

The right of the line will be held by the Masonic orders until the President embarks, when, after saluting President Taft, the procession will disband.

The Oakland committee will proceed to San Francisco with President Taft, and will there deliver the honored guest of this city to the committee representing the Panama-Pacific international exposition. The visit of the President will be marked by the gravest dignity and cordiality, and from the time he is received by the Oakland committee upon arriving in this city to the time he is delivered to the San Francisco committee in San Francisco, the executive of the

PRESIDENT TAFT IS A YALE GRADUATE, and he said, that no matter how much natural ability one may possess, an education is absolutely necessary for success.

Mr. Taft realizes a Yale education is not possible for all who are looking to better their condition. The young man or woman who wishes to enter any business must first have the basis, a technical knowledge of business principles, and the most modern methods available.

The question of how the average young man or woman can get the best practical business education has been closely studied by us for 48 years, and this experience enables us to give the best results in the shortest time. A visit to Heald's Business College, San Pablo at 16th, will convince you of the practical way in which we teach the most modern of business methods.

nation will be under the special protection of the city of Oakland.

PARADE FORMATION.

The parade formation will be as follows:

Mounted police to clear the street.

Platoon of police in foot.

United States Coast Artillery band.

LINE OF MARCH.

Leaving Key Route Inn, south on Broadway to Twenty-second street, east on Twenty-second street to Webster street, north on Webster street to Grand avenue, east on Grand avenue to Harrison boulevard, south on Harrison boulevard, west on Twelfth street, continuing west on Twelfth to Clay, north on Clay to Fifteenth street, north on Clay to San Pablo avenue, south on San Pablo avenue to Fourteenth street, continuing south on Broadway to Twelfth street, continuing south on Broadway to foot of Broadway.

Among the San Franciscans registered at the Hotel Touraine (Boston) this week are Mrs. William Thomas and Miss Gertrude Thomas. Miss Thomas went east to officiate as one of the bridesmaids at the wedding of a school girl chum. They will tarry in the east some time after the ceremony and are not expected home until early in December.

STRIKERS CALL A MASS MEETING

Prominent Labor Leaders Will
Address Sunday Gathering
in West Oakland.

A mass meeting under the auspices of the striking shopmen in the West Oakland yards of the Southern Pacific company will be held Sunday afternoon at 2 o'clock in the West Oakland Athletic clubrooms at the corner of Pine and Eighth streets. Prominent labor leaders will make addresses. An effort is being made to secure the attendance of President John Kline of the striking shopmen's union and Mayor, Stitt Wilson of Berkeley. The object of the meeting, as stated by the committee, is to give the general public, through the medium of the address, that are to be made, an idea of the conditions which led up to the present strike and of the true inwardness of their side of the controversy.

ARRESTED ON A MURDER CHARGE

HANFORD, Oct. 12.—Harry Calhaine, a dishwasher in a local hotel, was arrested today for alleged complicity in the murder of Thomas Raffleton, near Auburn, Placer county, last April. Calhaine was a partner of Herman F. Bremer, now under arrest in Alabama charged with Raffleton's murder, who is fighting extradition. Calhaine denies knowledge of the crime.

Raffleton had been on a prospecting trip with Bremer. It is said, a short time before his body was found in the woods near Auburn, beaten and chopped with an ax almost beyond recognition.

GOVERNOR ON WAY TO GREET TAFT

He and Other State Officials
En Route in Special
Train.

Governor Johnson left this city at 9 o'clock this morning for Sacramento, whence he will start on a special train late this evening for Red Bluff to connect with the special train of President Taft. With the governor will be other state officials, heads of departments and representatives of the National Guard. Arrangements for the trip to Red Bluff and back have been completed by Adjutant General E. A. Forbes. The governor's train will remain with the President's from the time it is attached at Red Bluff until it reaches Sacramento. The time scheduled for the arrival of the special has been changed from 11:30 to 11 o'clock.

The National Guard officers who will act as aides to the governor and adjutant general are Colonel George A. Schastey of the coast artillery, Colonel D. A. Smith of the fifth regiment, Captain George W. Bauer of the naval militia, and Colonel Lon Bond of the second infantry.

One Precinct Only Is Missing in Riverside

RIVERSIDE, Cal., Oct. 12.—Riverside county complete, except one precinct: For suffrage, 1929; against, 1933. Majority favor suffrage, 536.

Mrs. Mary Smyth and Mrs. Q. R. D. Grubb gave one of the largest of the recent bridge parties yesterday afternoon in their Jackson street home. The guests were nearly two score of the young girls, friends of Miss Muriel Williams, for whom the party was given. Among the number were Miss Cora Smith, Miss Ethel Winnempeier, Miss Mary Gray, Miss Edith Clapp, Miss Isabel Weaver, Miss Elva De Pue, Miss Constance McLaren, Miss Dora Winn, the Misses Otis, Miss Joy Wilson, Miss Rowena Wilson, Miss Dorothy Woodworth, Miss Ethel McAllister, Miss Lillian Whitney, Miss Florence Williams, Miss Dorothy Boerick and Miss Esther Merrill.

We Give Away Free of Cost

The People's Common Sense Medical Adviser, in Plain English, or Medicine Simplified, by R. V. Pierce, M. D., Chief Consulting Physician to the Invalids' Hotel and Surgical Institute at Buffalo, a book of 1006 large pages and over 700 illustrations, in French cloth binding, to any one sending 31 one-cent stamps to cover cost of wrapping and mailing only. 'LITTLE NIP' WAS FEARSOME BITE

Mrs. Ogden Says Husband
Took Breath of Air---and
Whisky.

SAN FRANCISCO, Oct. 12.—Quite a number of husbands who attend the theater with their wives are in the habit of stepping out between acts to get a "little breath of fresh air," but comparatively few young bachelors are forced to undergo the experience in this respect that is related by Mrs. Florence E. Ogden in her divorce complaint against Wesley Ogden, which was filed in the County Clerk's office yesterday.

It was while they were on their honeymoon and enjoying an evening in a Chicago theater, says Mrs. Ogden, that her husband asked and received permission to go out for a moment between the acts. He left, but the "fresh air" he took must have been of a very potent kind for, according to the complaint, his wife next saw him about five hours later, when she and a policeman found him on the streets in a very advanced stage of inebriety.

As a further cause of action, Mrs. Ogden asserts that since returning to San Francisco to live her husband has taken up what practically amounts to permanent living-quarters in a well-known Tenderloin resort. His appearances at home, she says, are infrequent and almost invariably accompanied with threats to take her life.

Other divorce actions were filed yesterday as follows: Mary against Charles Ventiglia, cruelty; Wilhelm against Anna Jorgensen, desertion; Kittle against Richard Dalton, cruelty; Charles against Sarah Harrington, desertion; Mary against Sam Glazer, cruelty; Sarah against James Trevelick, cruelty; Henrietta against John F. Jones, cruelty; Rose against P. J. Haskins, cruelty; Franklin against Frank G. Burnett, cruelty.

The following divorces were granted yesterday: By Judge Charles J. from Rose K. Berman, infidelity; Lillian from Bertrand F. Freeman, desertion. By Judge Graham—Marjory from Edward Wosser, desertion; Freda from N. D. Hess, failure to provide. By Judge Van Nostrand—Ed. from Mary K. Symmes, desertion; Richard from Gretchen Hirt, desertion. By Judge Trout—Mary from Edward Warren, desertion. By Judge Mogan—Annie from Sam Manhoff, desertion. By Judge Hunt—Carrie from Austin Stone, failure to provide. By Judge Sturtevant—Winifred from Kenneth Wise, cruelty.

CANNOT COLLECT FROM THE STATE

Attorney - General Webb So
Advises City of San
Francisco.

SAN FRANCISCO, Oct. 12.—Attorney General Webb has decided that the city of San Francisco could not collect a bill of \$11,433.82 from the State of California for improvements made upon State property. His decision was based upon the law that exempts State property devoted to public use from being assessed.

The city is out \$11,000 and odd dollars and is now taking into consideration water front property under the jurisdiction of the State Board of Harbor Commissioners in further contemplated improvements.

According to a statement made to the State Board of Control after the bill had been held up, the city of San Francisco, by cutting through Beale street hill and spreading the earth and rock upon State property, had enhanced the value of the land fully \$40,000 on account of the filling alone, aside from the natural enhancement following the improvement that makes it suitable for commercial purposes.

The question of the value of the improvement of the land, the attorney-general states, is not the question at issue. According to his opinion the land is that held by the state or by a municipality, devoted to public purposes, is not subject to assessment. Further he states:

"It remains for the trustee, the State, to determine what improvements the public must pay for, and the municipality of San Francisco has not the power to determine what improvements shall be made upon State property." For these reasons, it is declared, the attempted assessment is void.

ENGINE IN BAY;
FIREMAN KILLED

Train Crashes Into Rock Slide
Eight Miles From
Bellingham.

BELLINGHAM, Oct. 12.—Fireman J. P. Bohls was instantly killed and brakeman Charles R. Smart was fatally injured when a Great Northern freight train crashed into a rock slide eight miles south of this city. The engineer escaped by jumping.

The engine and tender rolled into the water of Chuckanut bay, while several cars of coal and lumber were hurled over the right of way. The slide covered the track several feet deep in rock. All trains are being detoured. Both victims of the wreck resided at Interbay, a suburb of Seattle.

A MARVELOUS MOVING
PICTURE.

What is said to be, by those who ought to know, the biggest moving picture production of the year is "The Human Sacrifice," which comes to the Broadway theater for one day only, tomorrow, Friday, October 13.

To gain some idea of the magnitude of this production there are over 1000 people in the cast alone.

The production is said to be a dramatic triumph, inasmuch as the roles are interpreted superbly by star actors. The settings are magnificent and are a veritable triumph of modern stagecraft. The cast of thousands are shown in the correct garb. The scenery is superbly portrayed. A human sacrifice is demanded by the Goddess Isis. Amehi is chosen from Egypt's fairest virgins and with impressive rites the beautiful girl is sent to her death. The attempted rescue of Amehi by his fiancée, the great sacrifice of the girl in the Nile river and many others.

300 BLUEBLOODED DOGS BARK WELCOME ALAMEDA COUNTY EXHIBIT IS OPENED

Silver Cup Offered by the Oakland Tribune to the Alameda County Kennel Club for Best Black Cocker, Opp. Sex, October, 1911.

Pedigreed Canines Proudly Display Qualities in Effort to Carry Off First Prizes

Dogs of every class and description from the toy poodle to the New Foundland and great dane, and including bull dogs, terriers, setters, spaniels, collies and dachshunds, barked a noisy welcome to the visitors who attended the opening of the first annual dog show held by the Alameda County Kennel Club in the Piedmont Pavilion, this morning.

In all there are nearly 300 pedigreed canines on exhibition, finest specimens of their respective breeds to be found anywhere in the country. Some of them are famous as having carried off prizes in large eastern bench shows and the family dog of many extends back to the time of the Pied Piper or some other likewise famous event, the date of which is now lost in the oblivion of years.

CUSHION GLASS.

Present on the occasion were members of the society and silk cushion glass, daintily groomed and fresh from the adulations of their owners to be on extremely good behavior; the police dog, or bloodhound and the vicious bull applied their own pre-eminence; the dachshund, the smallest poodle, sought to make itself heard in the pandemonium and the fatherly St. Bernard looked on in entire satisfaction. On the whole, however, the animals were orderly for the first day and it is said that within a short time they will have become acquainted and accustomed to their confined quarters.

The show will continue Friday and Saturday and already the greatest dog and kennel rivalry exists among the owners for the possession. Owing to the confusion of the morning, the program of the day was not attempted until this afternoon and then, commencing at 2 o'clock, the judges undertook their difficult task of passing upon the merits of the dogs as they were placed upon the platform located in the center of the great room. Toy poodles were first passed upon and so close was the decision that awards were not made until late in the day. Tonight from 8 to 10 o'clock, cocker spaniels and trick dogs will be judged.

Twelve special prizes are offered and each entry class is included among them. A number are particularly valuable and keen rivalry exists among the owners for their possession. Owing to the confusion of the morning, the program of the day was not attempted until this afternoon and then, commencing at 2 o'clock, the judges undertook their difficult task of passing upon the merits of the dogs as they were placed upon the platform located in the center of the great room. Toy poodles were first passed upon and so close was the decision that awards were not made until late in the day. Tonight from 8 to 10 o'clock, cocker spaniels and trick dogs will be judged.

Among the many interesting entries is that of Irving Ackerman whose six wire-haired fox terriers attracted a great deal of attention; the two bull dogs, Khartoum and Jumbo, each with a long list of prizes to their credit. The last two are from the kennels of E. K. Sprague and Mrs. C. Thompson, respectively. The list of Airedale terriers is one of the most complete ever entered at a show in the west and that of bull dogs and terriers is also a large one.

COLLIES ARE ATTRACTION.

The section of the house where the collies were exhibited was perhaps the most largely patronized, though the toy poodles and other diminutive species called for considerable admiration on the part of women patrons.

Pat H., an Irish Setter, the property of P. N. Hamrah, Mission Chief, a cocker spaniel owned by Mayor James Rolph Jr., of San Francisco, Williamette Dazler, a bull terrier belonging to F. E. Watkins of Portland and Ch. Thayerdale Tenny, an Airedale whose owner is Alexander Russell, all received their

prizes.

After exposure, and when you feel a cold coming on, take Foley's Honey and Tar Compound. It checks and relieves. Use no substitute. The genuine in a yellow package always. Webster's Drug Store, corner 10th and Washington streets.

'SUFFRAGETTE' DUE TO LIGHT HEAVENS

New Comet Said to Be Even
Bigger Than Halley's
Famed Wanderer.

SAN FRANCISCO, Oct. 12.—The "Suffragette," a new comet, probably bigger than Halley's, will be visible in the western sky, the last of this week, and Father Searle, the veteran astronomer, says it will be seen at its best advantage Tuesday after sunset over the Golden Gate.

"This is not Brook's comet," said Father Searle last evening. "It was first discovered in Europe, September 28, and it is now in the eastern sky and all observations of it have been made in the east in the morning sky. It is now coming into the western sky and will be seen best in the evening. It is too close to the sun at present for observers to get a good specimen of it, so it is extremely hard to tell just when it will appear exactly. But it is a very big comet. It has been photographed at Yerkes observatory by Professor Barnard. Of course, every year two or three comets are discovered, but Halley's is the first one that has ever returned and been seen again as far as we know."

"Comets do not come from outside our solar system, but come from so far away and their orbits are so elongated that the time between their appearances make it impossible to have any record of them. Of course, Halley's came on exact time, but that is the only one. Some comets are known to have orbits of 2000 years. This new one does not bear any resemblance to any previous one, and in all probability it has never been seen before. It was seen last week in the eastern sky by many people early in the morning, and is visible to the naked eye now. What we expect that it will give a fine display in the evening, and it will have an enormous tail, as it has a great envelope."

STUDENT OF HIGH SCHOOL IS DEAD

Miss Marjorie Boies of Berkeley
Dies After Lingular
Illness.

BERKELEY, Oct. 12.—Miss Marjorie Adella Boies, who was a senior in the Berkeley high school, died this morning at the home of her parents, Mr. and Mrs. George V. Boies, 1728 Walnut street, at the age of nineteen years. She had been ill for more than twelve months and her condition became serious following an operation last August.

Her father is a capitalist, who came to this city three years ago with his family. Surviving her, besides her parents, are a brother, Wilbur, and three sisters, Misses Nettie, Jessie and Winifred Boies. She was a native of Washington state, where the Boies formerly resided.

CASTLE ARRIVES 11 DAYS OVERDUE

Some Apprehension Had Been
Felt Regarding Ship's
Safety.

SAN DIEGO, Oct. 12.—Eleven days overdue from Tahiti, the barkentine S. C. Castle arrived in port this morning. The Castle cleared from Tahiti for San Diego September 1 with a cargo of phosphate rock and carried a crew of twenty of floors and men. Some apprehension for the vessel's safety was felt in this city, when she failed to arrive on time.

SEEK AID OF STATE IN STUDY OF AGRICULTURE

SAN FRANCISCO, Oct. 12.—Members of the Commonwealth club met at the St. Francis last night to discuss state aid in the study of agriculture.

The question was covered in papers read by experts in agriculture and the discussion followed.

The club adopted a general resolution favoring the establishment of a bureau for investigation of plant physiology, the establishment of more chairs for agricultural research, provision for field study in the rural districts, recognition of the necessity of a course in nature study by county boards of education, legislation giving state aid for instruction in primary schools and grammar grades, and an increase in the staff of the superintendent of public instruction to supply agricultural training.

MARE ISLAND SOCIETY

VALLEJO, Oct. 12.—Surgeon and Mrs. Ulys W. Webb of Mare Island will sail on the next steamer for the Philippines, the former having been transferred to the naval hospital at Cavite. Surgeon Webb has been stationed here for the last two years.

A large number of officers and ladies from the Marine Corps will go to Yerba Buena tonight to attend the mask ball, which is to be given by the officers of the training station.

Colonel Littleton W. T. Waller of the Marine Corps and Mrs. Waller, Lieutenant Commander and Mrs. William H. Standley, Surgeon and Mrs. Henry H. Odell, Commodore and Mrs. Thomas D. Griffin and Pay Director and Mrs. Chas. M. Ray were dinner guests of Lieutenant and Mrs. Allen B. Reed a few evenings ago.

Assistant Paymaster Spencer E. Dickinson, who has been visiting here in Oakland since being detached from the Bremerton navy yard, has been assigned to this station as one of the assistants to the general storekeeper.

Assistant Paymaster William R. Van Buren, who arrived from the East recently, has been ordered to the Bremerton navy yard for duty. He will leave for his new station at once.

Captain John M. Elliott of the cruiser Maryland and Miss Fricella Elliott have returned to Mare Island after a few days' visit to the Pacific. Mrs. Elliott, who has been spending the summer in Honolulu, is expected home soon.

Captain Berton W. Sibley of the Marine Corps, who has been attached to the Mare Island barracks, has been ordered to Philadelphia for duty.

Surgeon Holton C. Curt will be among the arrivals from the Orient on the next steamer to the Pacific. Mrs. Elliott, who has been spending the summer in Honolulu, is expected home soon.

INDICATIONS POINT TO SUCCESS OF SUFFRAGE

Discovery of Error of 1000 Votes in Santa
Barbara Brings About Rapid
Changes

(Continued From Page 1)

all northern counties, and the discovery of an error of 1000 in the total votes cast against woman suffrage in Santa Barbara county brought forth rapid changes in the vote on the suffrage amendment, the net result being to cut down to 851 majority standing against that amendment. Almost without exception, however, the returns during the morning showed majorities in favor of woman suffrage and before night the indications are that the balance will stand well in favor of that amendment. The total vote for and against the amendment in the northern counties has not been obtained, but gains in favor are indicated as follows: Tehama 243, Siskiyou 315, Plumas 187, Shasta 135, Butte 125. Total, 1005.

THE COMPLETE VOTE IN ALAMEDA COUNTY

The complete returns in Alameda county on the constitutional amendments election are as follows:

No. 1—For	15,729	against
5464.		
No. 2—For	13,079	against
6989.		
No. 3—For	10,881	against
9345.		
No. 4—For	10,653	against
12,804.		
No. 5—For	13,919	against
5696.		
No. 6—For	11,174	against
8068.		
No. 7—For	15,503	against
5318.		
No. 8—For	16,377	against
5564.		
No. 9—For	15,856	against
5038.		
No. 10—For	13,806	against
6770.		
No. 11—For	13,646	against
5520.		
No. 12—For	14,077	against
6248.		
No. 13—For	13,368	against
6013.		
No. 14—For	13,461	against
5878.		
No. 15—For	1663	against
4567.

1153.		
Amendment No. 23—for	3010	against

Venturans Oppose Votes for Women

VENTURA, Cal., Oct. 12.—Ventura county complete, with the exception of one precinct not expected to report officially for two or three days, gave woman's suffrage 512 for and 855 against, a majority against suffrage of 43.

Fresno in Favor of Amendment No. 4

FRESNO, Oct. 12.—Returns from 104 out of 113 precincts in Fresno county give Amendment No. 4, 2992 votes for and 2405 votes against.

The last nine precincts, all remote, reporting this morning gave the amendment 100 votes and 39 against. Nine out of ten remaining precincts are small.

Small Majorities Are Given Women's Cause

SACRAMENTO, Oct. 12.—The following counties give majorities indicated for woman suffrage:

Siskiyou 315, Plumas 200, Shasta 490, Butte 650, Tehama 244, Lake 141, Yolo 163, Napa 174, Tehama, Yolo and Napa.

STOOD ON BRIDGE— NOT AT MIDNIGHT

Skipper and Sweetheart Em-
brace in Sight of Entire
World.

SAN FRANCISCO, Oct. 12.—When the Chivo Maru docked this morning after an eventful voyage from Hongkong, the skipper, Captain William Woodhouse Greene, was on the bridge scanning the little crowd waiting on shore and searching for the smile of his fiancée, Miss Gertrude Adela Macfarlane. While his trusty glasses were still "glued" to his eyes, a voice at his side called his name, and then the engaged pair embraced each other in full view of passengers and others of a smiling lobby without the least regard for the conventionalities. But all the world loves a skipper who is in love, and the crowd considerably turned its head.

Then, lover-like, the captain and his bride-to-be began to reproach each other for not calling oftener. At this the pursuer was forced to turn his head to hide a smile, for the captain, he knew, had spent more than a suffrage campaign fund in cable tolls since the Chivo Maru left San Francisco a month ago, the day after the engagement was announced. And he also knew that Miss Macfarlane had reciprocated to at least a sane degree.

The bride-elect was gowned in a black velvet tailored suit with a modish hat of Alice Blue. Miss Macfarlane is the daughter of Mrs. Everett Mason Greene of 1907 Pierce street, where the wedding will take place next Saturday at a quiet ceremony. Both Captain Greene and his bride are prominent in Honolulu society. Miss Macfarlane spent her childhood in Hawaii, and has many friends in this city.

BERKELEY ELKS PLAN FOR SHOW

Most of Paraphernalia for the
Minstrels Is Ready for
Staging.

BERKELEY, Oct. 12.—A carload of special scenery for the Berkeley Elks' minstrel show, which will be held in the Macdonough theater tomorrow and Saturday night, arrived this morning and when the "props" have been set this afternoon by the stage hands all will be in readiness for the rise of the curtain on opening night. There has been a heavy sale of seats.

Following the closing performance the Elks will hold a happy party in the Forum in Oakland Saturday night. The large grill room has been reserved for the members. There will be almost 300.

The impressive ceremony of burning the image of the Elks' building site on Alston way will be observed Saturday evening, October 28. The ceremony will be attended by prominent Elks from all the bay cities. The minstrel show proceeds are to be used in paying off the debt on the building lot.

GREAT CROWD AT BIG P. A. A. MEET

Stars of Colleges and Many
Organizations Seek Honors
On Track.

UNIVERSITY OF CALIFORNIA, Oct. 12.—A large crowd of college and other lovers of athletic sports gathered on the bleachers at the oval on the university campus for the annual championship track and field meet of the Pacific Athletic association, which began at 2:30 o'clock this afternoon. The stadium is the largest accorded any event of the kind here for years.

The crowd has a holiday appearance and filled with enthusiasm in anticipation of keen rivalry among their favorite athletes on the track and field. The entries include most of the stars of the universities, colleges and clubs. Among these organizations are the Olympic club, Stanford university, University of California, Irish-American Athletic club, Pasadena Athletic club, Santa Clara college and others.

ENGINEER HURT BY AN ELEVATOR

Head Is Jammed Against Cage
and Skull Is Frac-
tured.

SAN FRANCISCO, Oct. 12.—Chester Nelson, engineer at the Stewart hotel, was seriously hurt this afternoon by being crushed beneath an elevator when the car came upon him and doubled him up. His head was caught and he received a lacerated chin, concussion of the brain and a possible fracture of the skull. He was first treated by House Surgeon J. L. Howard and removed to the Central emergency hospital and then to the German hospital.

NOTORIOUS FILIPINO BANDIT, OTOY, KILLED

WASHINGTON, Oct. 12.—Otoy, the Filipino bandit and outlaw, has fallen to the great joy of the constabulary, who had been on his trail ever since the American occupation. Even the Spaniards knew this famous chief to their sorrow, for during the last 25 years he had been an outlaw in the island of Samar. The fact that the Philippine constabulary had killed him was regarded by the governor general as a matter of sufficient importance to warrant a cable report to the insular bureau here.

Samar is the home of Pukjanian, a body of religious fanatics, whose chief purpose is robbery.

Otoy was the last Pulejan chief, and Governor General Forbes expresses the belief that his death will bring peace and good order to the island.

MERCHANT WEDS ONE OF CITY'S POPULAR BELLES

George W. Heints, well-known merchant of this city, was married last night to Miss Georgia Wheeler, a popular member of Oakland's younger set. The ceremony was performed at the home of Mrs. E. S. Bolchow, 398 Van Buren avenue, this city, the immediate family only attending.

Following the ceremony Mr. and Mrs. Heints left for Southern California, their honeymoon to be spent in touring the principal cities and resorts of that portion of the state. Upon their return they will be at home at 230 Van Buren avenue.

WESTERN HORSE MARKET, 1074 AT VALLEJO.

AUCTION TUESDAY, OCT. 17, at 1 and 5 p.m. Forty head of horses from the estate of James Langdon, Shiner. This sale is final, and they will be sold without reserve or limit to the highest bidder. They weigh from 1400 to 2000 lbs., age from 4 to 8. There are several matched teams, including a pair of blacks, weighing 1850 lbs. This is the best lot of horses ever offered at auction in P. A. A. sale. No outside horse takes at \$1000 each on exhibition Sunday.

The Stephenson Slush Fund.

The investigation that a Senate committee is making of the election of Senator Isaac Stephenson in Wisconsin turns out to be a smelling expedition. It was already known that Stephenson spent upward of \$107,000 in the primary campaign, for the expense account he filed in accordance with the purity of elections law, hence it was not necessary for the Senate to hold an investigation to develop a fact already of record.

The investigation was made at the instance of one of La Follette's henchmen who charged that Stephenson had expended money corruptly and unlawfully to influence the election. While the amount expended was large no evidence has been submitted going to sustain the charge of corruption. Even the author of the charges, State Senator James J. Blaine, was compelled to admit on the witness stand that he made the charges without proof and had no evidence to substantiate them. Blaine admitted he had no information personally known by him to be true upon which to substantiate his charges. He admitted the charges were based largely on newspaper editorials, political speeches and hearsay.

"And upon such information you were willing to make allegations which might jeopardize a United States Senator, and which, if proved true, might send him to the penitentiary—is that true?" asked Senator W. B. Heyburn, the chairman. To this question Blaine made no answer other than he thought he was performing a public duty by having an investigation of what he said was current report.

The law places no limit on the amount a candidate may spend, but does prescribe the purposes for which money can be spent. An unlimited amount may legally be expended for advertising, in printing and sending out circulars or other campaign material and in employing persons to write such matter. Among the items of Stephenson's expenditures was one of \$11,000 for postage and another of \$40,000 for advertising. Wisconsin has over 500,000 voters, hence a two-cent stamp on a letter addressed to each voter would account for the postage bill. The \$40,000 for advertising, and more, could be legitimately spent in a State like Wisconsin. The cost of preparing and printing circulars and the hire of canvassers can run rapidly into the thousands.

While the facts thus far developed show no wrong-doing on the part of Stephenson and his political agents, they do show the disadvantages the poor man is placed under in a free-for-all primary. The rich man has all the better of it under the law as it exists at present. The same condition prevails in California.

It is suggested that the amount a candidate may spend should be limited, but here again we are confronted with the extraordinary proposition that the mails may not be utilized to an unlimited extent in communicating with the voters directly by letter. Then, again, is it just or feasible to arbitrarily forbid a candidate from advertising in the newspapers, on billboards or in any other way that can be employed for legitimate advertising purposes.

But in the present instance the large amount expended by Stephenson appears to be the sole ground of complaint. It gave his opponents a pretext for circulating rumors to the effect that money was used either by himself or his agents. On a mere presumption he was charged before the Senate with the corrupt use of money. No evidence has yet been presented to support the allegation, which was apparently prompted by political enmity.

An Italian newspaper published in Chicago prints an apocryphal story to the effect that Italy will demand a cession of the Holy Land as a war indemnity and give it to the Pope as a temporal possession. By this simple, very simple, arrangement the Pope would again be made a temporal sovereign and the seat of the pontificate removed from Rome to Jerusalem. The story can safely be set down as a canard. On its face it is a ridiculous and impossible dream. The idea that the papal seat will ever be removed from Rome is absurd. There it began and there it will remain. The power and influence lost by the church during the "Babylonish captivity" at Avignon will never be forgotten, and the experience will never be repeated. It is idle, moreover, to suppose that Italy will attempt to dismember Turkey in Asia. The powers would not permit it in the first place, and in the second, such an attempt would involve Italy in a dreadful war on land in which all the advantage would be with the Turks. The Chicago story is manifestly a fake.

Can anybody explain why the suffrage amendment should have polled the highest vote in the list? It is evident that a considerable number of voters voted yes or no on certain amendments and paid no attention to the others. In consequence the suffrage amendment was nearly beaten, although it received more votes than several of the amendments that were adopted.

Everybody ought to be happy if everybody is not. Food, taxes and rents may not have gone down, but the weather is glorious. In respect to that the old order cannot be changed.

The Voter and Direct Legislation.

At the election for State officers in 1910 a total of 385,652 votes was polled. At the referendum election last Tuesday to decide whether the State government should be revolutionized less than half as many votes were polled, although the registration has considerably increased since. The total registration of the State is in excess of 600,000, but the poll last Tuesday was a little over 200,000.

The issues presented were decided in a conflict between minorities. The majority of the electorate took no part in the election, gave no expression of sentiment, but permitted momentous questions to be decided without assent or protest.

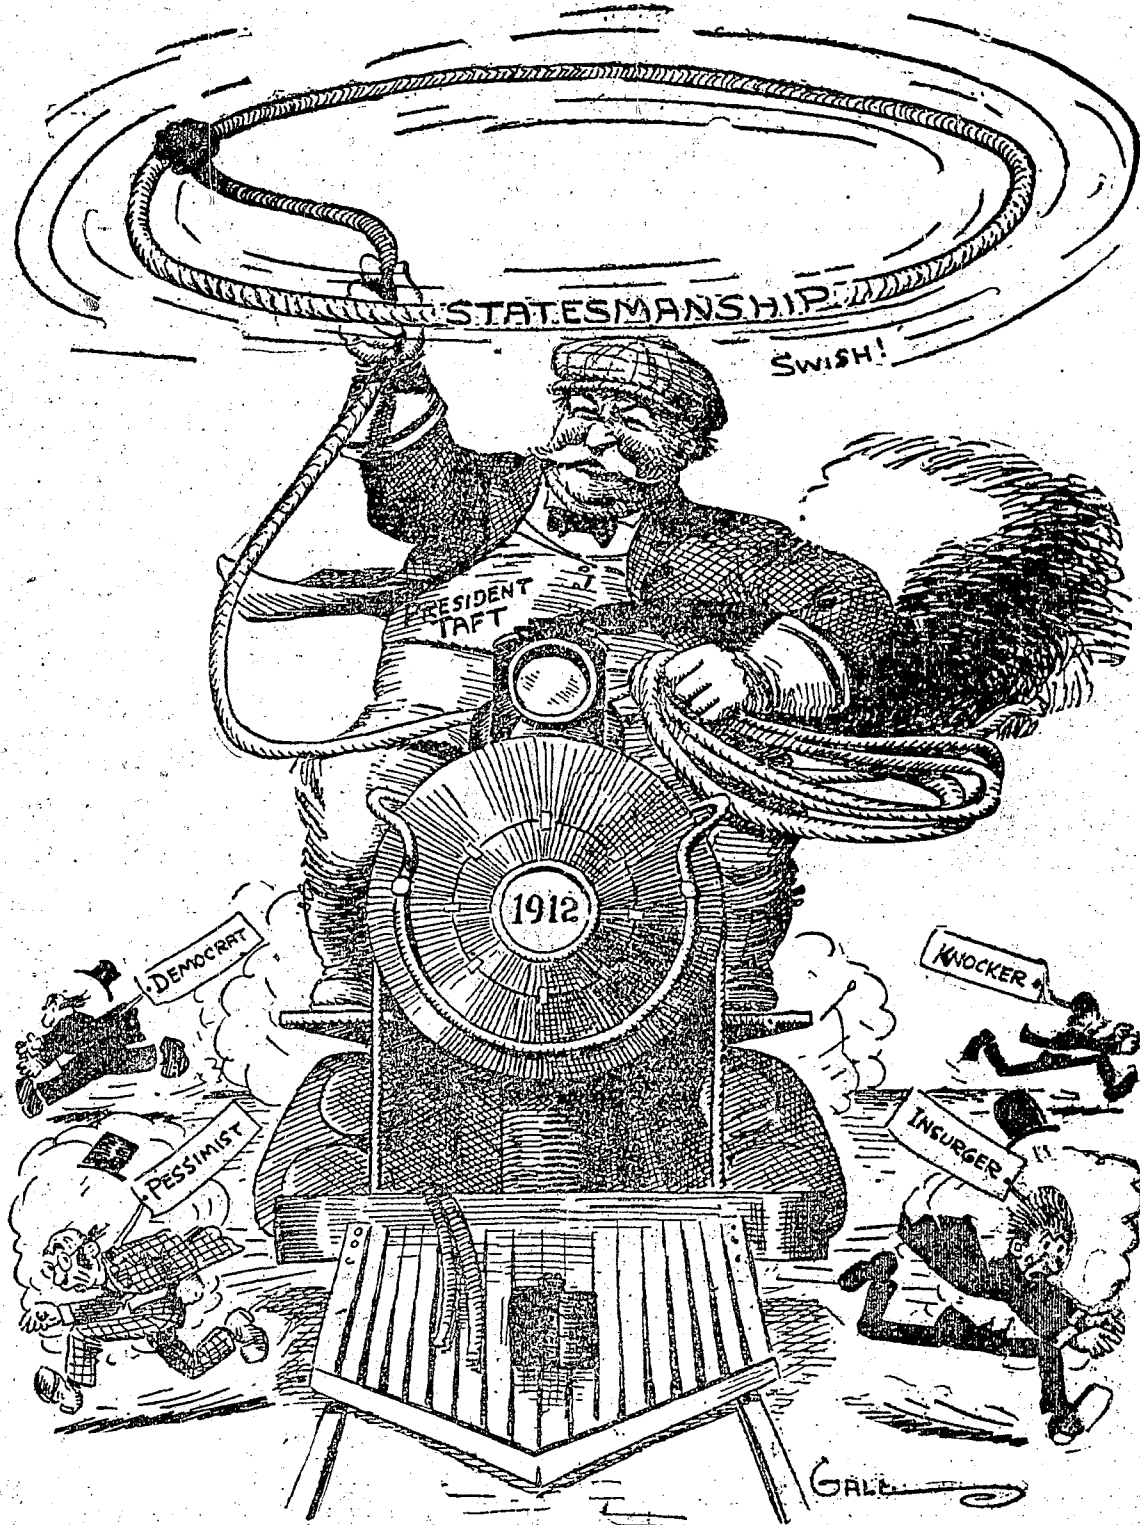

Here is an illustration of the fundamental weakness of the referendum. It proves that when legislation is submitted directly to the people it is settled by minority vote. Because a majority of the electors neglect to vote direct legislation becomes a government of majorities by minorities.

Yet by the adoption of the recall and the initiative and referendum the individual responsibility of the citizen is vastly increased. Every voter is now become a legislator and he is empowered to revise the findings of the highest courts in the State. Public opinion is made the court of last resort.

The question which now confronts us is: Will the electorate be more diligent and intelligent than it has heretofore been in passing on propositions submitted to popular judgment and approval? Party spirit and party organization bring out the vote. The personality of rival candidates fires the imagination and the lust for combat, but a cold abstraction has no attraction for the average voter. Let the issue be ever so vital and far-reaching, and the masses will shun the polls, letting the minority decide what laws shall be enacted or repealed and what policies shall govern the State.

We will now have an opportunity to see whether changing the constitution has changed human nature or made electors more diligent in performing the duties of citizenship.

"SWINGING AROUND THE CIRCLE"

—LOS ANGELES DAILY TIMES.

The War on Business Prosperity.

Gifford Pinchot says the President's emphatic declarations, made since he left Washington, that the trusts and all other combinations of capital will be compelled to obey the law has not turned "the interests" against him. Hence, he says that no one else should be deceived by them. This is equivalent to saying that the President is to be distrusted because the business interests of the nation have confidence in his wisdom and integrity.

It is something new to declare that no President can do his duty unless he makes implacable war on all business enterprise. When the business interests of a country are outlawed and put under ban it will be a sad day for all classes in the nation. No country can prosper unless its business interests are prosperous.

Pinchot and his followers seem to think business prosperity is criminal and that a President who does not treat it as such is derelict in his duty if not actually dishonest. The confidence business men repose in Taft is, in his eyes, an evidence of unfitness.

And this is what is euphemistically called progress. It expresses the policy of insanity and destruction.

The helplessness of Turkey is an impressive object lesson. She has a large and well-organized army of brave troops, but she was absolutely powerless to prevent the seizure of Tripoli by Italy. She has no navy to speak of, while Italy has a strong sea force. The Turks did not dare send a transport or a warship across the Mediterranean, while the Italians were at liberty to come and go as they pleased. But for our navy we would be in the same fix in case of war with Japan. The Philippines and Hawaii would be at the mercy of any foreign power with a navy but for the fleet maintained by Uncle Sam. While our policy is one of peace and amity, it is just as well that we are prepared to defend our own in case of aggression. Had Turkey possessed a strong navy Italy would never have seized Tripoli; there would have been no war and Turkey would not now be mourning the loss of a valuable province.

The weather clerk has put on the Taft smile. Old Probs wears a grin that is cheery and expansive, expressive of good humor, good living and the peace of a good conscience.

Men and Women

Little by little Russian law is acknowledging the claims of women. Though the presents are as obstinately against them as ever, the professional classes are getting things done. The duma has under its consideration a private bill for the regulation of women's inheritance laws. Up till now women who have brothers living can inherit only one-fourteenth part of their parents' real estate and one-eighth of their personal property. Half-sisters and girl cousins have no rights at all so long as their brothers are living. Two years ago twenty-three members introduced a bill to give to women the same rights of inheritance as their brothers. Though they cannot do so in the case of a will being made, the testators will now be allowed to leave their daughters more than one-fourteenth or one-eighth part, on condition that their shares do not exceed the brothers' or mothers'—an impossibility at present. When the bill becomes law it will make things far better for Russian women; but its opponents fear it will cause family estates to be broken up in a couple of generations. The law of entail will also be altered so that heirs can sell estates which hitherto have been unsalable.—American Woman's Review.

Political Comment

Judging by the president's hearty welcome in the so-called insurgent states, our prominent progressive leaders aren't half so leading at home as they pretend to be in Washington.—Washington Post.

According to a Boston paper, Champ Clark is a joker first and a statesman second. More accurately, Champ is a politician first, a joker second and a statesman some indefinite time in the hence.—Kansas City Journal.

Champ Clark is beginning to realize that his finger in the reciprocity pie was a foot.—Albany Journal.

SAFE DEPOSIT VAULTS—Individual steel safes for rent at Four Dollars a year and upward.

20 YEARS AGO IN OAKLAND

The most votes yet polled in a single day in THE TRIBUNE'S popular teacher contest were received during the 24 hours ending at noon today. In all 810 new ballots poured into the receiving room, thus bringing the total up to 3140.

The executive committee of the Oakland board of trade held a meeting at 3 o'clock this afternoon, at which President M. J. Keller announced that sometime ago he had written Congressman Joseph McKenna asking him to matters concerning the Oakland harbor and the appropriation for a site and building for a new postoffice.

The fourth and last day of the Women's Christian Temperance Union dawned bright and clear. The morning session opened with devotional exercises led by Mrs. Viola Tays. The State convention of the Young Men's Christian Association opened yesterday at Sacramento, and was called to order by F. M. Porter of Los Angeles. M. S. Woodhams of the University of California, Berkeley, was chosen temporary secretary, and

the organization of the body was announced as the first order of business. Considerable more vigor is needed in carrying out the city council's resolutions of intention regarding the laying of cement sidewalks. The talk of favoritism will soon breed contempt for the council's orders.

Surveyors were on Piedmont avenue today figuring on the course of an electric railroad, for which a franchise has been asked by the owners of the Oakland and Berkeley Rapid Transit road.

All the Oakland horsemen who have felt great pride in Charles A. Baab's handsome trotting stallion, Cupid, will learn with regret that the brave little horse has been sold by Mr. Baab, and will be no longer one of Oakland's celebrities.

Daniel Best is preparing to put incandescent lights in his agricultural machinery. H. Schleuter, Harry Know and Jim Wilkie made up a party which started on Tuesday last for a three weeks' camping trip in Sonora.

Bald? Going to neglect your hair until it leaves you? Going to neglect your dandruff until you are bald? Certainly not. Then consult your doctor. Ask him about Ayer's Hair Vigor. It never stains or changes the color of the hair.

WOMAN STRANGLED BY DUMB WAITER

Automatic Elevator Is Started Suddenly, Causing Death.

SAN FRANCISCO, Oct. 12.—The sudden starting of an automatic dumb waiter killed Miss Eva Fotheringham, daughter of a pioneer physician, in the Chestfield apartments at Bush and Powell streets last evening. No one saw the accident, but it is believed that Miss Fotheringham was leaning into the shaft to remove groceries when the dumb waiter shot upward and strangled her.

Mrs. E. H. Richardson, wife of a San Mateo contractor and niece of the dead woman, had been helping her prepare dinner for her brother, Edward A. Fotheringham, secretary of the J. G. James Company, wholesale butchers. When Miss Fotheringham had been absent from the kitchen ten minutes Mrs. Richardson stepped into the rear hall and found her aunt's body hanging limply from the shaft, the head and neck pinned to the wall.

Mrs. Richardson screamed and the men who responded chopped away the cage. It required 20 minutes' work to release the body.

PRONOUNCED DEAD. Dr. C. G. Kenyon pronounced the woman dead. Her brother, returning home for dinner, found the group gathered around his sister's body.

Just what started the dumb waiter may never be known. An automatic device was supposed to shut off all power whenever the gate on any floor was raised. The coroner's deputies held the theory that some one on another floor pressed the button and the safety arrangement failed to work.

Miss Edna Miller, daughter of the apartment proprietor, was on the ground floor when Miss Fotheringham called to her to send her groceries to the dumb waiter. She did so. According to her story, she did not touch the button again. She says she knew nothing of the tragedy until Mrs. Richardson screamed.

Miss Fotheringham was wealthy and has been active in Christian Science work. Her father was one of the pioneer medical men of California.

COMET IS SIGHTED NEAR FACE OF SUN

Biellawsky's Wanderer Is Only 3,000,000 Miles From Old Sol.

FLAGSTAFF, Ariz., Oct. 12.—Biellawsky's comet was observed at the Lowell observatory Tuesday and yesterday, shortly after sunset.

According to the preliminary computations of Kobold, this comet should have passed very near the sun, less than three million miles from its surface, on October 10, but its position shows that this can hardly be correct.

It was observed with the spectroscope for a short time in strong twilight, and seems to show in addition to the characteristic ordinary bands, the distinctive bright lines of sodium.

Brooks' comet showed up dimly last evening. Its tail was seen 20 degrees or more out from the head, reaching to and perhaps beyond the extreme star in the handle of the dipper. The tail is slightly curved, with the concave westward.

Instant Relief for Sore Feet

Sore Feet, Tender Feet, and Swollen Feet Cured Every Time. TIZ Makes Sore Feet Well No Matter What Ails Them.

Policemen all over the world use TIZ. Policemen stand on their feet all day and know what sore, tender, swollen feet really mean. They use TIZ because TIZ cures their feet right up. It keeps feet in perfect condition. Remember, this policeman has to say: "I was surprised and delighted with TIZ for tender feet, for I hardly knew how to thank you enough for it. It's superior to all the others or plasters. I can keep my feet in perfect condition. Believe in my earnest gratitude for TIZ. I am a policeman and keep on my feet all day."—Emmy Harrell, Austin, Texas.

You'll never limp again or draw up your face in pain, and you'll forget about your corns, bunions and callouses. You'll feel like a new person. TIZ is for sale at all drug stores at 25c per box, or it will be sent you direct. If you wish, from Walter-Luther Dodge & Co., Chicago, Ill.

50 BOOSTERS ORGANIZE CLUB

John McEwing Is Elected President of New Improvement Organization.

An improvement club was organized Monday evening to look after the civic needs of the large community lying between East Fourteenth street and Bella Vista avenue and Fourth and Fourteenth avenues. This section has not had a club of this character and much good work is expected.

The club has been named the Thirteenth Avenue Improvement club and is organized along the lines of the various clubs in this city. The officers elected for the first year are: John McEwing, president; J. J. Hardy, vice-president; W. Herbert Graham, secretary-treasurer; D. L. Edwards, Milton S. Vail, C. H. Smith, M. J. Keller and G. H. Roemer constitute the executive committee; Granville D. Wilson, press and publicity committee; J. D. Gilliam, police and fire committee; Dr. J. H. Pond, parks, schools and playgrounds; Captain L. H. Harvey, streets and sewers.

The charter members of the club number 50 and a very enthusiastic organization meeting was held.

COLLEGE LITERARY SOCIETY CONVENES

The Discussion of Short Story Writing Listened to by A. P. G. U.

A meeting of the A. P. G. U., the literary society at St. Mary's College, was held last evening in the college assembly hall. An impromptu debate and a discussion of short story writing by John McEwing, president of the society, were the principal features of the evening.

Gerald Brushner contributed to the interesting program with several piano solos, and took part in the debate. Richard J. Curtis, Fred West and Thomas Hoffman. Among the guests of the society were Charles T. Moul and William R. Lowery, former members of the society, now instructors in the department of arts and letters.

MEN IN PLENTY AVER OFFICIALS

Quiet Day Spent in Strike Circles at Sacramento; the Shops Are Busy.

SACRAMENTO, Oct. 12.—Following the announcement of the strikers that for the last two or three days they have been unable to induce other men employed in the shops to join their ranks, the officials of the company declared today that they were securing all the men they wanted.

This was an unusually quiet day in strike circles and a busy day in the shops. The strikers have adopted the plan of leaving the picket points unguarded during the intervals between 7 in the morning and 1 in the afternoon to 4:30. Then again at 6 o'clock until the following morning. Picket duty is done on three shifts—the times during the day when men enter or depart from the shops.

MINERAL INDUSTRY SUBJECT OF TALKS

Mining Engineers Hear From Delegates On Output of Many Countries.

SAN FRANCISCO, Oct. 12.—The delegates to the American Institute of Mining Engineers were enlightened today on the mineral industries of their countries by K. Nishio, who gave a historical sketch of mining in Japan, E. B. Camba, who spoke on the peculiar geological features of the workings in Colombia, South America, and by T. T. Read, an engineer of wide experience in China.

Other subjects of technical interest were covered by W. W. Brumby, Augustus Locke, Blamey Stevens, J. D. Irving, C. R. Keyes, Burton McCollum and B. W. Vallat.

PIEDMONT PLANS FOR "GET-TOGETHER" FETES

PIEDMONT, Oct. 12.—Elaborate preparations are being made by the people of Piedmont for a series of "get-together" dinners and entertainments, which will be held during the coming season. The first of these affairs will be the place Thursday evening, October 26, when the men of the Piedmont church will conduct an informal dinner at the Piedmont cafe. Another big event for which arrangements are being made is the "neighborhood dinner" for men and women, which will be held in Mowbray hall, Wednesday, November 15.

The purpose of the affairs will be to talk over the town doings and plans for the coming season. Co-operation will be the main object of the gatherings. The committee in charge of the men's dinner consists of W. M. Alexander, chairman; J. B. Richardson, O. E. Hotie, W. J. Robertson and Rev. J. E. Stuchell.

Take Your Common Colds Seriously. Common colds, severe and frequent, lay the foundation of chronic diseased conditions of the nose and throat, and may develop into bronchitis, pneumonia and consumption. For all colds and coughs in children and grown persons, take Foley's Honey and Tar Compound promptly. Whelan's Drug Store, corner 10th and Washington streets.

TEARFUL TRIBUTE PAID P. C. ROSSI

Thousands of Friends Gather at the Bier of Late Philanthropist.

SAN FRANCISCO, Oct. 12.—Persons from all walks of life gathered in the Church of St. Peter and St. Paul yesterday to pay tribute to the memory of their fellow citizen and friend, Pietro C. Rossi.

There were over two thousand, and the office was not large enough to accommodate them all. They crowded the broad stairways and lined the streets where they crossed and led to the summit of Telegraph Hill.

Pietro Rossi was the friend of every man who knew him, and many there were in the gathering who had come miles to attend the funeral. He was the president of the Italian Swiss colony and almost every one employed in the vineyards of Asti was there to take his place in the long line of mourners.

Rossi came here years ago as a poor young man; he died a millionaire. But he never was too proud to grasp the hand of an old friend, no matter how shabby the former comrade may have become through the buffeting of misfortune.

What is regarded as one of the most wonderful creations of the florists' art ever attempted in this city stood at the head of the casket. It was nine feet high by six in width. The base was of ferns and above this the American and Italian flags worked out in their true colors. Then came an immense eagle of California violets and surmounting the structure a facsimile of the chevalier's cross of Italy. Rossi held the honor of being one of the chevaliers of the cross. This tribute was sent by the employees of the Italian-Swiss colony.

WINDY CITY PAYS COLUMBUS TRIBUTE

Elaborate Pageants Are Held On Land and Water in Chicago.

CHICAGO, Oct. 12.—With elaborate pageants on land and water Chicago today celebrated Columbus day in honor of the 49th anniversary of the discovery of America.

Members of the Knights of Columbus impersonating Columbus, King Ferdinand and Queen Isabella and other characters of the period, boarded three Spanish Caravels at Jackson Park and sailed to Grant Park where the party was welcomed by Mayor Harrison and other officials and the scenes marking the discovery of America were re-enacted with distinguished ceremony.

Solemn high mass was celebrated at the Holy Name Cathedral in honor of the event which was followed by a parade of Italian organizations in historical costumes with floats and allegorical reproductions of famous scenes in the life of Columbus.

DISEASE WORSE THAN DISASTER, SAYS WRITER

EDITOR TRIBUNE: The enclosed communication received at the Oakland College of Medicine and Surgery may be of public interest.

In the recent Austin disaster the state of Texas and the entire nation, if necessary, stood ready to relieve suffering and to save life, without regard to cost in labor or money. All this is right, nor should it be otherwise. How strange that our sympathies should be aroused to immediate aid and purpose when a disaster of 50 lives in sudden and unpreventable but familiar cause, a Johnstown flood, an Irish fire, a San Francisco earthquake, will convulse the world with horror, yet the death from preventable diseases of over 600,000 people in the United States each year excites little interest.

The newspapers announce the Austin disaster with front page "stories" and enormous headlines, yet the United States census report for 1908 (the last one available) shows that in that year in Pennsylvania alone 2450 people died of typhoid, 1020 of diphtheria, 870 of tuberculosis and that 9028 infants under 5 years of age died of infantile diarrhoea, a total of 22,089 from only four preventable diseases in only one state. So accustomed are we to these enormous losses through familiar diseases that we accept them as a matter of course and as the inevitable lot of mankind. Yet each of these diseases is as preventable as was the Austin flood.

EDWARD VON ADELUNG.

FINDS TERRA COTTA BED. VALLEJO, Oct. 12.—Discovery of an almost inexhaustible supply of the finest grade of terra cotta clay on city property is announced by City Engineer A. P. Noyes. The deposit was found in excavating for the \$5,000,000 gallon reservoir being constructed by the city.

POPULAR CHINESE COUPLE WED AT HOME OF BRIDE

MR. and MRS. LUNG TOM

At a pretty wedding this afternoon at the home of the bride, 813 Clay street, Miss Emma Yee Hwa and Mr. Lung Tom, both prominent and popular members of the Chinese colony of Oakland, were united in marriage by Judge James G. Quinn.

The nuptial knot will be tied again at 8 o'clock tonight at the home of the groom's mother, 303 Eighth street, by Tom Dong, his uncle, according to Chinese rites, and next Sunday afternoon an elaborate banquet will be served in honor of the young couple at the Hong Far restaurant, 732 Grant avenue, San Francisco, at which fully 200 Chinese and American friends will participate. Immediately following the feast the newly-wedded couple will start on an extended honeymoon trip.

Charles Locke Hwa, brother of the bride, gave his sister away at the ceremony this afternoon, while Jessie Chan, a pretty little Chinese miss, attended Miss Hwa as flower girl. The groom's best man was Jimmie Lennay and Wai Num Tom.

BRIDE IS EDUCATOR

The bride is a very charming young woman and since taking up her residence in Oakland has done earnest and efficient work in the education of Chinese children. She is a teacher in the True Sun, Chinese Mission on Fifth street, and in addition takes great interest in every movement inaugurated for the social and educational betterment of her race in the community. She numbers among her friends many of the American women of high social standing.

Mr. Tom, the groom, is a native of California and is held in high esteem by all who know him. He is president of the financial committee of the Native Sons of the Golden State, the Chinese society which corresponds with the Native Sons of the Golden West, and has always been one of the leading factors in promoting the growth and importance of the organization.

ESQUIMAU SAVES MANY LIVES IN SHIPWRECK

SEATTLE, Wash., Oct. 12.—Details were received yesterday of the loss of the schooner, F. S. Redfield on August 21 on Cape Prince of Wales, which is the point of land of the American hemisphere nearest to Asia. The Redfield was on a sandy beach during a violent storm, on account of the surf it was impossible to get the ship out. It was impossible to get the ship out. It was impossible to get the ship out.

Taking a seal skin, he inflated it, attached a rope to it and threw it overboard to be washed ashore by the sea. Natives on the beach picked up the seal skin and the rope, and the people on the schooner were hailed ashore over a tangle of rigging by the sailors and Esquimaux. The Redfield is practically undamaged, but is high and dry at low tide, and is a total loss, except that the machinery and rigging are being removed.

SAN FRANCISCO POLICE SEARCH FOR VISALIA LAD

SAN FRANCISCO, Oct. 12.—A telegram was received at headquarters this morning asking the local detectives to find Willard Adams, a 16-year-old Visalia lad who ran away from his home on Tuesday and is believed to have come direct here. His father, F. C. Adams, believes that the boy will expect mail at the general delivery window in the post office and a watch has been set there to apprehend him. He is five feet eight inches tall, is well dressed and weighs 130 pounds.

SENATORS TAKE GAME FROM SEALS

But Fifty Fans See First Contest of Columbus Day Double Header.

SACRAMENTO, Oct. 12.—The Senators broke another Coast League record at the morning game of the Columbus Day doubleheader, when only fifty fans turned out to attend a game that proved a walk-away for the Senators, who came out on the long end of a 12 to 6 score.

Fitzgerald was a mystery to the Seals until the last inning, when he loosened up and allowed five runs to cross the plate. Monkman lasted but a little over an inning, and Eusey was jerked out in the fourth, when three doubles and two singles made the going ring for six runs. The score: Senators..... 12 Seals..... 6

SECOND VICTIM OF MINE ACCIDENT DIES

GRASS VALLEY, Oct. 12.—The death of William Worthington yesterday added to the tragedy of the accident in the Champion mine Tuesday morning, in which Joseph White was killed instantly. The accident was one of the worst that ever happened in this district.

A heavy truck, escaped from John Hooper, holding engineer, and dashed down a steep incline to the 600-foot level, where it struck a group of timbermen, crushing two. The car crashed the pump man at the 400 level and also two associates of White and Worthington.

NOTED BRITISHER DEAD

LONDON, Oct. 12.—Sir William John Croley, formerly liberal member of parliament from the Altrincham division of Cheshire, and a philanthropist, died today. He was born in 1824 at Dunmurry, Ireland.

GLOOM SURROUNDS HAPPY HOGAN

Morning Game Ends With 4 to 2 Score in Favor of Oakland.

OAKLAND, 4; VERNON, 2. Hope has almost fled from the ranks of the Hooligans. For the third time this week, and in a row at that, the hired men under the tutelage of Sir Harry Wolverton trimmed the hired map on the payroll of Hapless Hogan.

All this took place out at Freeman Park in the opening game of the Columbus Day double-header, Wolverton's men being the victors by a score of 4 to 2.

"Soldier" Carson was picked as the man to stop the mad rush of the Oaks, while Silent Tyler Christian was elected to keep the Hooligan crew still under the table, and the Silent one had all the better of the argument.

Hits were but five on the Hogan side, while the Oaks gathered twice that and many more. Two of these were out of the lot bingles over the right field fence, Cuthaw glomming one and Manager Wolverton the other.

HOW THE RUNS WERE MADE.

The locals were the first to grace the score board, when the Oaks' rustling captain stepped to the plate in the second half of the third inning and patted the pellet far and away out of the lot. In the fourth inning Oakland again broke into the run column in this fashion.

With Hoffman out of the way Bart Coy took more sweet revenge on the Happy one with a single to left field, and when Tiedemann poled a single Bertram went over to third, John tried to steal second and was out, but on a cramer to left for two bases Bertie tallied.

In the fourth Cuthaw walked to the plate took one swing at the ball and it was out of his lot over the right field fence for another tally. The final Oakland run was gloomed in the eighth. Raleigh took up the burdens in this round and Zacher greeted him with a slam to center. Two outs, put him at third and he romped home on a single by Ware.

HAPPY GATHERED TWO.

Happy gathered his first run in the fifth inning. Brashear slammed one to Ware and reached first in safety when Clyde booted the pellet. Stinson laced a long double to left that sent Roy to the rubber, but the big fellow was winged out trying to make third on the drive.

In the eighth inning Happy got another, but he was still short two when it was all over. McDonnell opened this round with a double and scored, while the redoubtable Hap laced a single to left. Here are the figures:

STOLEN BASES.

Stolen bases—Three runs 9 hits off Carson in 9 innings. Home runs—Cuthaw, Wolverton. Two base hits—Coy, Zacher, Stinson, McDonnell. Sacrifices—Hoffman, Tiedemann. First base on called balls—Carson 1, Christian 2. Struck out—By Carson 2, by Christian 11. Hit by pitcher—Patterson. Double plays—Carson to Patterson to Burrell; Cuthaw to Ware to Tiedemann; Ware to Tiedemann. Time of game—1:15. Umpires—Van Halten and McGreevy.

ELECTION RESULT STILL IN DOUBT

Ten Days Needed to Name the Next Vice President of Mexico.

WASHINGTON, Oct. 12.—Ten days should determine whether Francisco de La Barra, Pino Suarez or Francisco Vasquez Gomez has been elected vice-president of Mexico by popular vote. If no majority of the electoral college shows for either candidate and the election is thrown into the chamber of deputies, the choice can be known hardly before November.

Accused Promoters Alleged to Have Defrauded Many Persons.

LOS ANGELES, Oct. 12.—Edwin R. Crocker, Harry L. Crocker and C. F. Moore, promoters of the Domestic Utilities company, who were indicted by the grand jury for alleged fraud, are today seeking bonds of \$10,000 each in order to obtain freedom pending their trials.

KRUPPS LOSE PATENT SUIT.

PHILADELPHIA, Oct. 12.—Judge Joseph Buffington, in the United States Circuit Court of Appeals, yesterday handed down a decision dismissing the four suits brought by the Krupp company of Germany against the Midvale Steel Company of Philadelphia for alleged infringement of patents in the manufacture of armor plate, because not sufficient evidence was presented to show infringement. The decision sustains the lower court.

ACTION OF GOVERNORS MEETS WITH FAVOR

WASHINGTON, Oct. 12.—The National Association of Railway Commissioners today adopted resolutions approving the recent action of the convention of governors of various States at Spring Lake, N. J., in authorizing the presentation to the Supreme Court of the United States of a brief supporting the right of States to regulate freight rates within their borders.

Woman Is Hurlled From Automobile and Killed

LOS ANGELES, Oct. 12.—While trying to step from an automobile in motion to recover a hat which had been blown from the head of her young son, Mrs. Clara E. Beach, wife of a realty operator of this city, was thrown from the car late last night, suffering injuries which resulted in her death at an early hour this morning. The family had motored to Santa Monica and after passing the evening with friends they were returning home. They were in the vehicle when the accident occurred. The little boy's hat blew off. Mrs. Beach started to step from the machine before her husband could stop, suffering injuries which resulted in her death at an early hour this morning. The family had motored to Santa Monica and after passing the evening with friends they were returning home. They were in the vehicle when the accident occurred.

Hyde Accuses Official Of Seeking \$1500 Bribe

KANSAS CITY, Oct. 12.—An affidavit signed by Dr. B. Clark Hyde, in which he charged that Deputy County Marshal Harry C. Hoffman told him that for \$1500 he could hang the jury in the first Hyde trial and for \$3000 could secure acquittal, was introduced at the hearing of Hyde's application for elisors here today.

General Barry Objects to Foreigners at West Point

WASHINGTON, Oct. 12.—Legislation authorizing the President to appoint four Senators and Representatives to nominate candidates for admission to the West Point military academy and also authorizing a \$3,000,000 appropriation for completion of buildings there, is recommended, and admission of foreign students to West Point strongly disapproved in the annual report of Major General Thomas F. Barry, superintendent of West Point, today.

Use Magnifying Glass On Your Ten-Dollar Bill

WASHINGTON, Oct. 12.—The public is warned by the secret service against a new counterfeit ten dollar bill. This spurious currency, the Crocker National Bank of San Francisco is of the series of 1907-1908, bears check letter "F" and the names of Charles H. Treat and W. T. Vernon, as treasurer of the United States and register of the treasury, respectively. The bank would document experienced handlers of money.

ELECTION RESULT \$300,000 NEEDED TO RELEASE TRIO

Ten Days Needed to Name the Next Vice President of Mexico.

WASHINGTON, Oct. 12.—Ten days should determine whether Francisco de La Barra, Pino Suarez or Francisco Vasquez Gomez has been elected vice-president of Mexico by popular vote. If no majority of the electoral college shows for either candidate and the election is thrown into the chamber of deputies, the choice can be known hardly before November.

THE National Cash Register turns one man into three.

It enables a single merchant to do three important things—to sell his goods—keep his books and keep track of his cash.

It's an investment, not an expense. It actually pays for itself out of the leaks that it stops.

It reduces losses and thus enables the dealer to sell his goods at normal profits. It protects him against error—protects the customer and the clerk in case of dispute.

Buy from a store with a National Cash Register.

It's run on system and can always give you "money's worth."

The National Cash Register Co., Dayton, Ohio
OAKLAND OFFICE, 359 Twelfth Street

BUREAU TAKES UP COL. BRYANT'S DEFENSE

State Dairy Inspector Ousted After Warm Session of Board.

SAN FRANCISCO, Oct. 12.—Colonel D. H. Bryant, inspector, who a week ago dared the state dairy bureau to discharge him, had a warm session with the board yesterday and finally was discharged for incompetency and prosecution of cases without authority. He declares that he will file charges against the state board as soon as he can gather his evidence against the board for presentation to Governor Johnson.

Bryant dates his troubles back to the day he made several arrests in San Mateo county of merchants who, he says, were handling short weight butter from the dairies of M. T. Freitas, J. Marin county, president of the state dairy bureau. In a statement yesterday Bryant related many incidents concerning the expense of conducting the bureau and of the results obtained by other inspectors, which, if proved, will arouse a storm of protest in the counties around the bay.

He exhibited correspondence between himself and F. W. Anderson, secretary of the state board, which appeared to show that an effort had been made by the secretary to prevent him from inspecting a dairy near San Jose which ships a great deal of milk to Berkeley, asserting that Dr. Roadhouse, city inspector of Berkeley, was competent to handle that dairy. Bryant already had inspected the dairy and found, it is claimed, a large number of diseased cows.

NEW PASTOR TO BE GIVEN BIG RECEPTION

SAN JOSE, Oct. 12.—Rev. Albin Holmer of Des Moines, Ia., the new pastor of the Swedish Baptist church of San Jose, arrived here yesterday and will be given a reception by his congregation this evening. Dr. Holmer is a graduate of the Grozer theological seminary of Chester, Pa., and of the Swedish Baptist theological seminary of the University of Chicago. He has been pastor of the Swedish Baptist church of Des Moines for three years.

EMPSON'S COOKED SAUERKRAUT

is fermented at an even temperature night and day until its right, then canned and cooked—all further fermentation cut good and short. So you get it exactly right

One can contains enough to serve as a side dish for the average family.

TERRY AND LAMBERT HEAD BELL BILL OF FUNMAKERS

MABEL LAMBERT, who, as the American Heiress, is registering a hit at the Bell Theater.

If you go to the Bell Theater this week and see Mabel Lambert in her character picture of a title-seeking, gum-chewing, showily dressed young American heiress with John Terry in the role of the English Johnny picking a wife as he would select a polo pony and can't get the maximum amount of fun out of it then you are indeed hard to please. This is only one of a number of characterizations given by this versatile couple that is making their cast at the Bell this week one of the big features of the show.

RIOTOUS LAUGHTER.
Trio meaning three, and satirical trio, meaning three satirists compose the LaVine Cramer Trio. They are physical culturists with riotous laughter accented three times, in the skit called "Imagination." It seems that an ebony-hued member of a shady family is troubled with a recently coined word, "Imagination," and goes to "Pro-Cure-all for relief," which he gets and so that he would forget it, he gets it good and plenty. Miss LaVine, having a case of the nerves at the same time makes the poor darkey's life miserable—but they cure him—at least so he has no desire to repeat his

experience. During the action of the piece there is injected a number of songs and dances so that the interest might not wane. LaVine does the "Imagination" dance so well that he nearly falls apart.

STREET SINGERS.
Geiger & Walters, in a typical Italian street singing novelty, is well received. In fact, the vociferous applause they receive make them one of the most popular numbers of the bill.

Mr. Geiger is himself a very finished artist on the violin.

Combining funny acrobatic stunts with comedy of the first order, Hill and Ackerman have reached a goal that ought to be gratifying to the most exacting. From the moment they strike the stage there is a series of funny sayings, somersaults, head spins, twisters and other gymnastics, which keep the audience convulsed with the laugh stuff. Their costumes are of the "Hot Mon" order, with all the grotesqueness injected that it is possible to find.

Then there is plump and jolly Florence Hughes who is the real live wire of the week. In comedy, Kurtis presents a barney, novelty in his troupe of trained roosters.

DEEP WATERWAY MEETING SPLIT

Governor Deneen Heads One Faction of Association at Windy City.

CHICAGO, Oct. 12.—The Lakes-to-the-Gulf Deep Waterway association's slogan of "Fourteen feet through the valley and dig or deep through Dixie" bids fair to be altered to call for a deeper channel as a basis for the contest for an inland deep waterway at the sixth annual convention of the association which began here today. The meeting will continue three days.

The deeper channel plan, fostered by President William K. Kavanaugh, was expected to attract considerable attention at this meeting, which is the last before the report of the special engineering committee goes to congress.

Two factions are present, one urging that immediate action be taken by Illinois, the other advising delay until federal aid is secured. Governor Charles S. Deneen is at the head of the immediate action faction.

ELECTION EXPENSES OF ROLPH TOTAL \$1050

SAN FRANCISCO, Oct. 12.—Many candidates who participated in the primary election have failed to comply with the law requiring them to file statements of their election expenses with the registrar of voters. Yesterday was the last day for filing such statements.

For mayor—James Rolph Jr., \$1050; P. H. McCarthy, \$500; Luigi Boggione, \$483.20.

For district attorney—C. M. Fickert, \$745.75; Ralph L. Hathorn, \$391.64.

For sheriff—Fred Eggers, \$771; Lawrence J. Dolan, \$145; Thomas F. Finn, \$659.60.

For public administrator—M. J. Hynes, \$67; Edwin G. Bath, \$107.50.

For police judge—Daniel C. Deasy, \$399.60; Charles L. Weller, \$315.35.

For supervisors—James P. Booth, \$69; Edward L. Cutler, \$235.75; Andrew J. Gallagher, \$50; J. W. Treaswell, \$472.50; Michael Casey, \$162.50; Ralph McLean, \$253; William C. Pugh, \$55.50; James Hurley, \$71.50; T. B. Healey, \$220; John L. Herget, \$225; W. R. Hagerty, \$150; John I. Nolan, \$170; Thomas P. O'Dowd, \$180; Robert J. Loughery, \$238; Con Deasy, \$106; E. J. Loughery, \$238; Thomas A. Casserly, \$115; Samuel D. Simmon, \$54.90; John A. Kehoe, \$31.25; Arthur B. Steiner, \$115.

COMMITTEE SUICIDE IN CELL.

SANTA ROSA, Oct. 12.—George Smith, who was arrested at Petaluma last Saturday on a charge of insanity, committed suicide in the insane cell at the county jail some time yesterday morning. He took a small blanket and tied the end around his neck and then wrapped the other end about the bars of his steel cage, and dropped to a sitting posture to strangle himself. U. S. Clark, a trustee at the jail, found Smith dead in the cell.

FROM GRAIN TO BREAD IN JIFFY

Farmer Eats Bread Made From Wheat Cut Half an Hour Before.

BELOIT, Kans., Oct. 12.—What is believed to be the world's record in transforming standing grain into bread was established recently by W. S. Gabel, a farmer living near here.

Just thirty minutes elapsed between the time when the wheat was cut and when Gabel took the first bite of a biscuit which had been made from it. As soon as the grain was threshed it was rushed a mile and a half to a mill and made into flour and then taken to a baker who made the biscuits.

The previous record is said to have been one hour.

LEGALITY OF ELECTION AT UKIAH IN DOUBT

UKIAH, Oct. 12.—County Auditor C. W. Mathews was served with an injunction yesterday forbidding him to settle any claims arising out of the recent local option election in Mendocino county under the Wylie act, pending the court's ruling as to the legality of the election. The injunction ties up about \$2500 in claims and is the first step in a contest based on technical grounds. The contention is raised that a single proclamation was made in the county whereas separate notices were required by law for each election district, and also that the proclamation did not specially describe the object of the election. Petition was made to the court to declare that no election had been held and the injunction followed.

AGREE ON SUNDAY CLOSING.

SACRAMENTO, Oct. 12.—Eighteen drug firms of Sacramento have signed an agreement to close every Sunday afternoon during the hours of 1 to 6 o'clock. According to the agreement, the action is taken for the purpose of reducing the number of working hours for drug clerks.

PIMPLES AND ECZEMA CURED BY NEW REMEDY

GET A FREE SAMPLE TODAY

If you are suffering from Eczema, salt rheum, pimples, hives, mosquito bites, flea bites, poison oak, poison ivy, split toes, shingles, chapped hands, itching feet, mercury poison or any skin affection of Eczema-Dermoline.

The first time you try it you will feel instant relief, and you will wonder why it is necessary for anyone to suffer when such an effective remedy can be obtained so easily.

Eczema-Dermoline is a marvelous remedy that needs but one trial to convince the most skeptical.

The Eczema-Dermoline Company, 16 Geary street, San Francisco, will be glad to send a free sample by mail, postpaid, to all who suffer from Eczema or other skin affections. Simply send your name and address and it will be sent at once.

Eczema-Dermoline works wonders on any affected skin and a few applications will readily convince anyone of its curative powers. Eczema-Dermoline is sold by all druggists at 50c a jar and at Collins Bros., 14th and Washington streets.

The Cost of Purity exceeds all other Costs in Schlitz Brewing

We spend more on purity—more time, more skill and more money than on any other cost in our brewing.

We sterilize every tub, vat, tank—we scald every barrel—every pipe and pump—every time we use it.

We wash every bottle four times by machinery.

The air in which the beer is cooled is filtered.

Every bottle of Schlitz is sterilized, after it is sealed, by a process invented by Pasteur.

Light starts decay even in pure beer. Dark glass gives protection against light.

The brown bottle protects Schlitz purity from the brewery to your glass.

If you knew what we know about beer, you would say, "Schlitz—Schlitz in Brown Bottles."

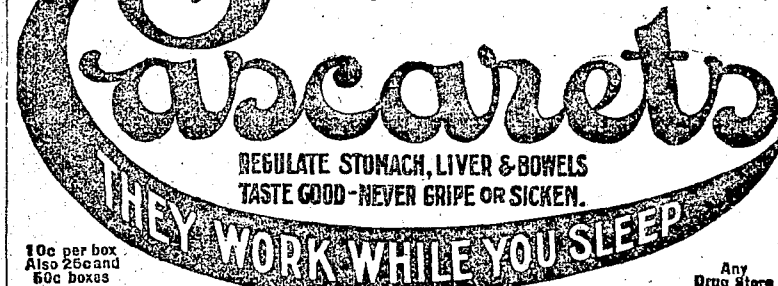

See that crown or cork is branded "Schlitz."

The Beer That Made Milwaukee Famous

CONSTIPATION, BILIOUSNESS, COATED TONGUE, HEADACHE OR BAD STOMACH.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will straighten you out by morning—a 10-cent box will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated and never know a miserable moment. Don't forget the children—their little insides need a good, gentle, cleansing, too, occasionally.

REDWOOD BARK MAY BE USED FOR PAPER

UKIAH, Oct. 12.—Redwood bark, heretofore a waste product of California lumber mills is to become commercially valuable in paper manufacture, according to a report in circulation here.

It is stated that negotiations for the purchase of waste bark from the Fort Bragg mills of the Union Lumber company are under way, and that a mill for the manufacture of white paper is to be erected soon near this place.

Redwood lumber mills have been unable to dispose of the bark profitably because no process for removing the color in paper manufacture has been known. According to the report here, the people now negotiating with the lumber company have discovered a successful method to accomplish this, and are preparing to erect a large paper plant. The Fort Bragg mills now burn up the waste bark.

James C. Dahlgren, "Cowboy" Mayor of Omaha, "Throw the Last" Mayor James C. Dahlgren started his career as a cowboy, and is at present mayor of Omaha, and has the following record: Sheriff of Dawes county, Neb., three terms; mayor of Chadron, Neb., three terms; Democratic National Committee member, eight years; mayor of Omaha, six years, and in 1910 candidate for Governor of Nebraska. Writing to Foley & Co., Chicago, he says: "I have taken Foley Kidney Pills and they have given me a great deal of relief, so I cheerfully recommend them." Yours truly, (Signed) JAMES C. DAHLGREN.

WILLIAMS TO STEP INTO BARR'S SHOES

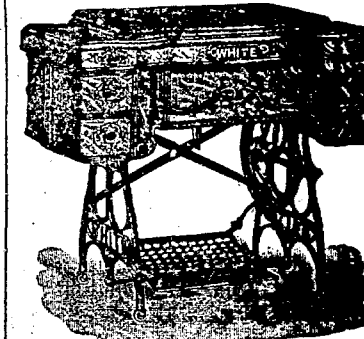

STOCKTON, Oct. 12.—James A. Barr, one of the best known educators in the West, for twenty years city superintendent of schools of Stockton, will be succeeded on October 20 by Ansel L. Williams, who has been the principal of the Stockton high school. Williams will be succeeded by Noel Garrison, who has been for some time superintendent of the Marced schools. This action was decided upon at a meeting of the local school directors Tuesday evening, the selections being ratified last night.

Both men were chosen by a vote of three to two. John E. Williams, principal of the El Dorado school, was also a candidate for superintendent, and Fred Ellis Jr. was a candidate for the other position.

Barr's name was not before the board, but his many friends made a determined fight for him to succeed himself. His term expires on the nineteenth.

Both Williams and Garrison are well known educators. Williams is a graduate of Harvard and Stanford, and Garrison of the State university.

SEEK COST OF WAR.
MEXICO CITY, Oct. 12.—Determined to know just why the Mexican government paid Gustavo Madeiro, a brother of the president-elect, 643,105 pesos, and what it has cost to master out the revolutionary forces, the chamber of deputies last night called upon President de la Barra for an accounting.

HEART--TRIBUNE'S PAGE FOR WOMEN--HOME

MRS. NEWTON KOSER entertained this afternoon at a pretty appointed luncheon, for which Miss Dorothy Taft was the hostess.

Pink roses decorated the table, at which covers were laid for Miss Myra Hall, Miss Bina Mosley, Miss Lelia Kinney, Miss Anita Crellin, Miss Helen Bannan, Miss Nelly Adams, Miss Taft, Miss Dorothy Taft.

Another hostess today was Mrs. Walter Dickson Reed, who entertained 110 guests at the card tables at Ebell clubhouse. Great bouquets of greens, with a profusion of fall flowers, combined with artistic arrangements of oak leaves, were used in the room decorations.

Mrs. Reed received her guests in a handsome gown of pink messaline with an overdress of pink marquisette. Five hundred and bridge were the two games of the afternoon. Delightful music was enjoyed by the guests.

Assisting the hostess in receiving were Mrs. Albert Gruninger, Mrs. Frederick C. Wight, Mrs. Frank Woolsey, Mrs. Frank C. Watson, Mrs. Frederick Reed, Mrs. George Johnson, Miss Lynda Wight, Miss Eva Gruninger, Miss Katherine Woolsey, Miss Lucia Watson, Miss Elizabeth Watson and Miss Nina Clay.

HOME FROM EUROPE.

Mr. and Mrs. Thomas Magee have returned home after a several months' tour in Europe. They are guests of Mrs. Magee's mother, Mrs. Valentine Hush.

MISS GRACE KENNER COMMEMORATED.

Cards are out for the wedding of Gerald Brooks and Miss Grace Kenner on Wednesday evening, October 25.

Miss John Lafayette Irwin (Miss Edith Cameron) is planning a thimble bee in honor of Miss Kenner for Wednesday afternoon, October 18. Friday will entertain for the same guest of honor. Tomorrow Miss Christine Turner will compliment Miss Kenner at an informal affair.

ENTERTAINED TODAY.

Mrs. John Potter Littlefield and her sister, Miss Budey, were joint hostesses at a card party today in compliment to Miss Carmelita Theobald. Mrs. Littlefield is visiting here from her home in Washington, D. C.

OAKLAND CLUB'S CARD PARTY.

The Oakland Club's card party yesterday was a most successful affair, attended by a large gathering of fashionably dressed club women. The proceeds are to be devoted to a fund for the entertainment of the delegates to the biennial convention of the Federation of Women's Clubs next year.

Among those who presided were: Mesdames H. L. Whitehead, F. R. Chadwick, E. I. Bartholomew, James Ellison, F. R. Chadwick, Leon McCall, M. Nelson, Theresa Rousseau.

Bouquets of coriopsis and other flowers were presented as favors to the winners of each table and light refreshments were served at the conclusion of the party.

HOSTESSES OF THE WEEK.

Miss Hazel Fossing will be hostess to twenty-four young people on Friday afternoon at bridge.

The twenty-four guests asked for Saturday night by Miss Pussy Creed are anticipating an enjoyable dinner dance.

TO BE NOVEMBER BRIDE.

The marriage of Miss Jessie McFarland to Fredrick Kitchener will take place Thursday, November 9, at the home of Mr. and Mrs. B. S. McFarland in Alameda. A large number of guests will be present at the ceremony.

Miss McFarland is a charming member of the society in the Central club, and since the announcement of her engagement, has been showered with social favors. The couple will make their future home in the southern part of the State.

CONVALESCING.

Mrs. Robert Hughes is convalescing and is able to receive her friends at her Linda Vista home.

TO ENTERTAIN.

Miss Frances Wilson will entertain a group of musical friends this evening at her Berkeley home.

HOSTS THIS EVENING.

Mr. and Mrs. William Hamilton Morrison will entertain this evening the members of a local card club.

Keep the Complexion Beautiful

who include in their membership Mr. and Mrs. Charles Parker Hubbard, Mr. and Mrs. Charles Youngberg, Mr. and Mrs. George Hammer, Mr. and Mrs. Walter Hughes Henry, Mr. and Mrs. Robert Fitzgerald, Mr. and Mrs. Charles Rudolph and Mr. and Mrs. Harry Smith.

SMART AFFAIR IN ALAMEDA. Miss Rita Burke of Alameda was a graceful hostess this afternoon for much-entertained Miss Mildred Foster.

RETURNS HOME.

Mrs. A. C. Schlessinger has returned home after a several months' sojourn in the East.

When Rev. John Howland Lathrop and Mrs. Lathrop gave up their Berkeley home to live in New York Mrs. Schlessinger accompanied them on their eastern trip and remained until they were established in their new residence. Before her marriage to the clergyman a few seasons ago Mrs. Lathrop was Miss Lita Schlessinger.

VISITING IN MIDDLE WEST.

Miss Beatrice Gray, the talented young violinist of this city, is at present visiting in Iowa, after completing a successful ten weeks' tour of the Middle West.

WEDDING SATURDAY NIGHT.

Miss Mae Camplin and Cloyd D. Adney have chosen Saturday evening for their wedding. Miss Helen Salter will be maid of honor and Karl Auerbach best man.

Another wedding is that of Miss Alice B. Watkins, a graduate of the University of California, who has

WITH WOMEN OF THE WORLD

The month of September sees enrolled at the Wisconsin state university, among the co-eds, the oldest regularly enrolled woman student in the world. Mrs. Amy D. Winship of Racine, who is nearing her eighty-second birthday, has taken a part of her late university course at the Ohio state institution and is now finishing up in her native state. Mrs. Winship, on appearances, would never be judged to have passed the fourscore mark. Her reminiscences of the civil war and of Abraham Lincoln, who was a warm, personal friend, are more than interesting and friends are endeavoring to prevail upon her to write for publication. Thus far, however, her college life has kept her busy. She is interested in art and will take up that course at Madison. She has an independent fortune left her by her manufacturer husband, who died in Racine many years ago.

At Edinburgh, Scotland, the first woman lawyer of that city has just opened up an office and is starting on her efforts to establish a practice. Her name is Ina C. Richmond, M. A., LL. B. A prominent clubwoman of New York, Mrs. Phillip Carpenter, is a director of the women's bar association. She became interested in the legal profession through her husband's work. She has just recently won a case before the court of appeals in New York and has the distinction of being the first woman who has done so.

Miss. Blanche Azoulay has just taken the lawyer's oath before the court of appeals of Algiers. She is the first woman to have been admitted there.

For the first time in the history of Oregon a woman has been appointed to represent the state. Miss Sarah Crahan of Toledo, Ore., received the appointment as attorney for the state land board.

Mrs. Florence Kelley, formerly factor inspector in Illinois, took up the study of law to see how she could better the conditions of young girls who were working at unhealthy work and for 10 and 12 c.

PLEAD WITH MEYER TO TURN DOWN SILVER TRAY WITH LIKENESS OF YOUNG.

NEW YORK, Oct. 12.—The intention of the Mormons to present to the battle-ship Utah, soon to be launched, a silver tray bearing the figure of Brigham Young and the Mormon Temple, has aroused a protest by the non-Mormons of Utah. They have offered a silver tray, but with a patriotic design.

Protests against the Mormon gift have been made to Secretary Meyer. Mrs. Emma R. Owen is chairman of the committee of presentation and among other members are Helen Miller Gould and Mrs. Donald McLean.

The committee sent a letter to Secretary Meyer saying in part: "We beg of you to bear in mind that while the presentation of a silver service to the United States battleship Utah may be a state affair, the acceptance of it is a national affair. We most earnestly urge that the patriotism and decency of citizens of the United States should not be outraged and insulted by exhibition of the memory of such a man as Brigham Young."

VICTIM OF FIEND

CINCINNATI, O., Oct. 12.—Edna Kessler, 17 years of age, "gagged" and unconscious, was found in a rear yard in Cummingsville last night. The yard is in the center of a district where a series of murders of young girls have taken place during the last few years. It is not believed she will recover.

The young woman comes from a well-to-do family. A note pinned to her dress says: "Sorry we did not have acid to throw on her, too."

On the reverse of the note it said: "From the one you did not like."

The handwriting was little more than a scrawl and barely readable.

WOMEN IN THE NEWS WOMEN OPPOSE MORMON GIFT

Plead With Meyer to Turn Down Silver Tray With Likeness of Young.

NEW YORK, Oct. 12.—The intention of the Mormons to present to the battle-ship Utah, soon to be launched, a silver tray bearing the figure of Brigham Young and the Mormon Temple, has aroused a protest by the non-Mormons of Utah. They have offered a silver tray, but with a patriotic design.

Protests against the Mormon gift have been made to Secretary Meyer. Mrs. Emma R. Owen is chairman of the committee of presentation and among other members are Helen Miller Gould and Mrs. Donald McLean.

The committee sent a letter to Secretary Meyer saying in part: "We beg of you to bear in mind that while the presentation of a silver service to the United States battleship Utah may be a state affair, the acceptance of it is a national affair. We most earnestly urge that the patriotism and decency of citizens of the United States should not be outraged and insulted by exhibition of the memory of such a man as Brigham Young."

Leaves Husband

NEW YORK, Oct. 12.—Mrs. Edmund K. Stallo returned from Europe this week and took apartments at the Waldorf-Astoria, separate from those of her husband. Mrs. Stallo is stepmother of the late millionaire Alexander McDonald of Cincinnati and Los Angeles.

Recently Miss Helen Stallo created something of a social sensation by jilting Nils Floman, a friend of Colonel John Jacob Astor, because she discovered that Floman's father was a "rubber" in a bathhouse.

Mrs. Stallo, the stepmother, who has been from Chicago, was the beautiful Miss May Harrington.

In 1887 she eloped with Dan Hanna, a Cleveland, a son of the late Senator Mark Hanna. She divorced him and married Edmund K. Stallo.

Mrs. Stallo refused to discuss the report of a separation.

To Be Countess

PARIS, Oct. 12.—The marriage of Mrs. Dandridge Spotswood, divorced wife of an engineer of Petersburg, Va., to Count Schoenbrun will take place in the mayor's office in the Sixteenth Arrondissement of Paris on October 24. Count Schoenbrun, but known as 26 years old, will go into the banking business in Budapest. Since she posed for the benefit of the Holy Trinity Lodge Annex of Dr. John Morgan's American church in the city, Mrs. Spotswood is reputed to possess the prettiest face and the best figure in Paris.

"Miserly Ghost"

PHILADELPHIA, Oct. 12.—Mrs. Helen Stead Dodge of this city, third wife of the millionaire New York society man, lawyer and author, Walter Phelps Dodge, who was hated out of her marital happiness by the "miserly" ghost of her immediate predecessor, today began an action for divorce. Inasmuch as she is only 20 years old, she applies for divorce through her mother, Mrs. Edward Phelps Dodge, who was her guardian, wife of a wealthy coal operator. Young Mrs. Dodge alleges "cruel and barbarous treatment and indignities."

Gets Reno Decree

RENO, Nev., Oct. 12.—Mrs. Fernande Charlotte Harvey, wife of Osmond Harvey, a prominent New York banker, was granted a decree of divorce yesterday on the grounds of cruelty and failure to provide. Mrs. Harvey, who is the daughter of the late General Ferdinand C. Lathrop, seven times mayor of Baltimore, joined the local divorce colony last March and has resided here continuously, with the exception of several weeks spent in San Francisco.

Alleges Affinity

NEW YORK, Oct. 12.—Elizabeth M. Chester, wife of George Randolph Chester, famous as the creator of "Get Rich Quick Wallingford," has been granted an interlocutory decree of divorce. This fact became known when Justice Delaney approved the report of Herman H. H. Chester as referee. Mrs. Chester named Lillian Deremo, a girl of about 21. She charged that Chester had been living with Miss Deremo and introduced her as his wife. Chester denied the allegations.

No "Queening"

STANFORD UNIVERSITY, Oct. 12.—"Queening" activities on campus, the part of the map of the class will be strictly forbidden, both going and coming, at the annual sophomore "rough-neck" dance to be held in Palo Alto Saturday night. Chairman F. E. Franciel of the committee in charge, yesterday warned the members of the class in a meeting that attentions to the co-eds would only be permitted after the music started.

In San Quentin

STOCKTON, Oct. 12.—Mrs. S. E. Knight is in San Quentin, having been taken to the penitentiary yesterday by Deputy Sheriff Shepherd and Mrs. Shepherd, the matron of the county jail. Mrs. Knight pleaded guilty to malpractice and was sentenced to serve four and a half years.

Mouse in "Rat"

SAN FRANCISCO, Oct. 12.—

The Melancholy Microbe

By LILLIAN RUSSELL

(Copyright: 1911: By Lillian Russell.)

NEVER waste time in being melancholy. I think it is only people with no occupation who become morbid and despondent.

The fact of duty is an uplift. We are most fortunate who have work to do, physical or mental, for, as Dr. Lorand, the great specialist of Carlsbad, says: "Exercise increases the blood supply to the muscles and nerves."

Work of any kind will cure melancholia. People who can not rise above melancholy lose their appetite, become badly nourished and hold themselves liable to succumb to the microbes that necessarily try to gain access to them. Bright minded people live longer and better than the melancholy class.

I have heard people say that to be beautiful a woman cannot laugh for fear of wrinkles. That is the most absurd statement possible, for all laughter is beautiful. Laugh long and loud. Joy is beautiful, so enjoy yourselves. I for one fear no melancholy. I laugh more at the mindless people who say that laughter causes wrinkles than at anything else.

There are some faces which do not need a smile to be made beautiful, but there are so many others which require the smile to brighten them that I would recommend the smile to every woman. You can smile more when you work than you can when you sit and brood over imaginary troubles, if you realize that all troubles are in the mind and of your own making.

Troubles depend entirely upon your opinion of them. Housework is great exercise. Leaping over to unpack is splendid for the back muscles. Reaching up is good for arms and shoulders I know, for I have just moved into a new apartment and I find doing things are a great deal better for me than sitting down and waiting for men to do them. I find the stepladder a great benefit to poise. I may feel tired after it all, but after an hour's relaxation I feel better in every way.

The languid beauty will become stiff and old much quicker than the active woman. Work. Do not let the melancholy microbe get you.

Remember Plutarch said: "A certain amount of work improves the mind, but excess is prejudicial."

Lillian Russell

C.—I thank you for your letter.

I admire your ambition to keep young and attractive for the sake of your husband and children. The woman who is healthy and attractive in form and feature, and who makes an effort to remain so, invariably sheds an exquisite charm in the home. No woman can radiate this charm who neglects her personal appearance. I am sending you by mail a recipe for an excellent shampoo for white hair to remove the annoying yellow tinge and for the skin food which I have used for so many years to keep wrinkles from appearing, also a complete instruction for facial massage.

H. C.—Deep breathing exercises and massage with a nourishing cream will develop the bust. Try a simple but helpful exercise for this purpose. Clench the fists vigorously and bring them together in front, the arms raised to horizontal position. With the arms at shoulder level gradually separate the fists as widely as you can. In this way the muscles of the chest, shoulders and back are exercised and developed. Live out in the sunshine and fresh air as much as possible and take all the outdoor exercise you can. If you will send me a self-addressed, stamped envelope and letter asking me for them, I will send you my instructions for a set of deep breathing exercises and a few simple, harmless methods by which a number of my friends developed their busts.

K. S.—I am glad my little beauty sermons have helped you. Flushing of the face is usually caused by nervousness or indigestion. First look to your diet. Are you indulging in candy and sweets, pastry-much in the open air every day. Do you drink enough water every day and are you systematic about it? Three pints between meals daily will not be too much. Simple diet is of great help in this trouble. Exercise in the open air every day. A cold sponge every morning is often helpful. Bathe the face with an astringent made of five ounces of camphor water (not spirits) and fifteen grains of tannic acid.

B. G.—The first thing to do for corns is to relieve them of all pressure. A perforated corn plaster may be used, or a disk of white wax, which is the simplest treatment by which I have kept them so effective. Send me the necessary stamped, self-addressed envelope and I will be glad to mail you instructions for the simple exercise which I have used to prevent double chin, and a recipe for the skin food which I have used for twenty years.

F. T.—As I do not know anything about the preparation for removing wrinkles you mention I cannot advise you regarding it. In the case of a double chin, prevention is much easier than cure. Tight collars always make ugly rolls of fat under the chin and the habit of holding the chin down and in is fatal. I do not believe in the harsh treatment of the throat and chin which is practiced by many, and as the contour of my profile and the firmness of my throat have been remarked, it is only natural that I think the simple treatment by which I have kept them so effective. Send me the necessary stamped, self-addressed envelope and I will be glad to mail you instructions for the simple exercise which I have used to prevent double chin, and a recipe for the skin food which I have used for twenty years.

than a decade the jokesters have been springing the perennial jest founded upon the "rat" woman wears in her hair. The time worn joke became a reality yesterday. As Mrs. Eleanor Struckey was being examined at the Central Emergency Hospital preparatory to being transferred to the City and County Hospital, a mouse peeped from under her heavy tresses and in a second leaped to the floor and scampered for cover. Mrs. Ida Currier, the attendant, reversed the tradition of her sex by promptly smacking the mouse on the skull with a broom-handle.

hair. If you will send me a stamped, self-addressed envelope and request I will forward you the recipe for a tonic to cure dandruff and my instructions for scalp massage.

F. W.—Highly polished nails are in questionable taste. A moderate polish is best. The nails require nourishment to keep them soft and lustrous, and frequently do not get a sufficient supply constitutionally. But anointing them several times a day with a good cold cream, and always after washing the hands will keep them from becoming brittle. If you will send me a self-addressed, stamped envelope and letter asking me for them I will send you my complete instructions for manicuring and a recipe for the cold cream which I use almost constantly in the theater.

V. C.—Excessively oily scalp is usually due to poor circulation. Scalp massage will remedy this trouble. If you will write me again sending me self-addressed, stamped envelope, I will send you complete instructions for scalp massage and the recipe for a good tonic.

20,000 LOYAL SOLDIERS MARCH ON REBELS

HUNDREDS TROOPSHIPS ARRIVE AT TRIPOLI

SLAIN IN BATTLE

Manchus Are Victims of Chinese Rebels, Who Have Captured Several Cities

American Missionaries Safe, Is Report Received by Episcopal Board in New York

HANKOW, China, Oct. 12.—It is reported that Chang Chuan, capital of Hunan, has risen in revolt, and that at Nanking, "the southern capital," has been destroyed.

Many miles of Hankow and Peking railroad has been torn up and the bridges burned. The situation is most serious.

PEKING, Oct. 12.—Between 5000 and 6000 Chinese troops in the native quarter in Hankow are reported to have mutinied this morning and killed from 200 to 300 Manchus. The rebels occupied Su Tung Fu yesterday.

Elaborate military precautions have been taken to prevent any sympathetic revolutionary uprising in this city, and the palaces are guarded by troops of proved loyalty. The rebels received here indicated that three regiments of the army participated in the revolt at Wu Chang.

It is believed that the revolutionaries will attempt to destroy the railway and prevent the transport into Hupeh province of the troops that were concentrated at Sze Chuen last month.

SOME SOLDIERS LOYAL.

A telegram from Hankow states that at the most four battalions remain loyal. It is known that three Wu Chang regiments of the army and one regiment of artillery revolted.

The American gunboat Helena and the Japanese cruiser Tushima were expected at Hankow today. Several British warships have been ordered to proceed thither. The women and children living on the waterfront slept aboard the merchant steamers in the harbor last night.

According to Chinese rumors, Kang Yu, who was the emperor's adviser until 1898, when the coup of the dowager empress restored her regency and drove the emperor's adviser into exile, has arrived at Hankow. The missionaries at Wu Chang are safe.

A dispatch from Cheng Tu says that the insurgents in Sze Chuen province hold all the country west of the Min river, between Kila Liang, which is eight miles from Cheng Tu, and Kwan-Han, fifteen miles north and thirty-five miles west of Cheng Tu. Five hundred troops have joined the rebels and the fighting continues daily.

TROOPS ORDERED OUT.

An imperial edict, issued last night, orders the minister of War, Yin Tchang, to proceed to Hankow with two divisions of Peking troops, about 20,000 of whom will be Manchus. The commander of the Chinese navy, Admiral Sze-Chang, is ordered to assemble a fleet of warships in the Yangtze Kiang river and join the land forces in an attack on the rebels now in possession of Wu Chang, Hankow and Hanyang.

The edict criticizes the victory at Wu Chang, who fled before the rebels, but at the same time orders him to return to his post and retrieve his reputation. He is threatened with capital punishment if he fails to recapture Wu Chang.

It is expected that the revolutionaries will dynamite the bridges of the Peking and Hankow railroad to prevent the early arrival of troops. Extraordinary precautions are being enforced here. Chinese passengers are forbidden to travel on the Peking and Hankow railroad beyond Chumailen, Hunan province, in either direction.

A dispatch to the British legation from Chung King says that the rebels of Sze Chuen hold the Min river and the country west and confirms earlier reports of daily fighting in that vicinity.

HUNDREDS KILLED.

HANKOW, Oct. 12.—The revolutionary movement is gaining momentum with every hour. Since noon yesterday it has swept the little city of Hankow and the native quarter of the city. Great numbers of Chinese are joining the movement voluntarily. The losses in the fighting thus far aggregate several hundred, but practically all the dead are Manchus. The slogan of the movement, which is guided by shrewd and temperate leaders, is evidently "down with the Manchus."

Thus far there has been no indication of any animosity against foreigners on the part of the revolutionaries. The capture of Hankow, which is a town of perhaps 100,000, just north of Hankow, has delivered into the hands of the revolutionaries the arsenal and the important Hang Yang iron works. The revolutionaries had no trouble in Hang Yang, as they overwhelmingly outnumbered the local troops. General Piao escaped and the forces of the local government were dispersed.

The popularity of the revolutionary movement all along the river and the interior is indicated by authentic reports that several nearby cities have fallen. Where resistance was offered, the towns appear to have been put to the torch.

The Methodist missionaries in Wu Chang are known to be safe. An expeditionary force is engaged in gathering up the Americans and rescuing them, wherever they are hemmed in by the natives.

MISSIONARIES SAFE.

NEW YORK, Oct. 12.—The Episcopal board of missions today received

Italian Soldiers Reach Port in Nineteen Transports and Begin Landing

Situation Grave in Constantinople, Where an Uprising Threatens Young Turks

TRIPOLI, Oct. 12.—Nineteen transports arrived in the harbor this morning. They brought the second part of the Italian army expeditionary corps which is to occupy Tripoli.

The landing of the troops, artillery, ammunition and horses began immediately and General Canova, commander-in-chief of the expedition, ordered an immediate advance against the positions occupied by the Turks in the interior of Tripoli.

MALTESE EXPELLED.

ROME (Via Frontier), Oct. 12.—Advices received here today from Tripoli state that the Italian governor has been obliged to expel several Maltese who were attached to the old regime and have shown an indisposition to assist the new order of things. The population of Tripoli is being augmented daily. Not only are former residents returning, but there are many newcomers who have been attracted by the business opportunities afforded by the presence of a large body of soldiers and sailors.

SITUATION GRAVE.

LONDON, Oct. 12.—A news dispatch from Constantinople forwarded today by way of the Bulgarian frontier to avoid the Turkish censor, says that the situation in the Turkish capital is grave. It is feared that when parliament meets Saturday an open conflict will take place between the committee of union and progress and the revolutionary party. The masses are greatly excited against the young Turk committee and the best men refuse to join the government while the committee attempts to dominate it.

NO MEDIATION AT PRESENT.

PARIS, Oct. 12.—The French officials have no confirmation today of the published statement that Italy and Turkey were on the point of arranging an armistice. On the contrary, the officials regarded the report as premature. Neither power has indicated a willingness to negotiate which an offer of mediation could be made.

PEACE IS IN SIGHT.

WASHINGTON, Oct. 12.—State Department officials expressed the view today that, with the German Emperor working on his ally, the King of Italy, and with the Emperor of Russia in a favorable position to influence the king, peace between Italy and Turkey is not far off and that an armistice at least can be arranged as soon as Turkey is prepared to admit that Italy is in technical possession of Tripoli.

FRENCH CHEF CUT DURING QUARREL

Has One Knife Wound in Abdomen and Another in the Breast.

With a gaping wound in the abdomen and another in the left breast, C. X. Receiving, a French cook, is lying at the Receiving Hospital in a critical condition. While doing the town last night, he entered a place at the corner of Sixth and Clay streets, and being very much intoxicated, quarreled with the inmates. A negro woman attacked him and in the scuffle which ensued, she got hold of a knife and stabbed him, then she disappeared and although the police have been searching diligently for her, they have been unable to locate her. Receiving is thirty years old and resides at 531 Eighth street. He says that he was so drunk at the time of the cutting that he could remember very little about what occurred.

Spanked Wife Hales Husband Into Court

Latter Pleaded Justification, but Justice Fined Him Five Dollars.

LOS ANGELES, Oct. 12.—A man is not justified in spanking his wife, even if she deserves it, according to a decision on file today in Justice Young's court. In rendering the decision Justice Young fined E. W. Payne \$5.

Payne pleaded guilty on the charge of having spanked his wife but pleaded justification.

"No matter how much she deserved to be spanked, the law does not permit of your taking a hand in the matter," said the justice.

Then he ordered Payne to pay the fine.

The following cable from Bishop Logan H. Root of Hankow, China, who has charge of the Episcopal missionary work in that part of the empire:

"Missionaries are safe and well. Everything is now quiet. Can remain here."

SHIPS AWAIT ORDERS LISBON TO ACT SOON

DUKE OF BRAGANZA, who is said to be back of the Monarchists' revolution in Portugal.

Duke of Braganza Is Believed to Be Directing Royalists

LISBON, Oct. 12.—Orders to sail were awaited today by the warships anchored in the Tagus, every indication being that the government would dispatch the fleet before nightfall. On board are the sailors who were recruited from land duty in the northern operations against the royalists. It is the probable intention of the officials to again send these men against the monarchists who are gathering at the frontier.

Although it is difficult to obtain information as to the exact whereabouts and operations of the royalists, it is believed to be acting under the orders of the Duke of Braganza, pretender to the throne. It is known that they have taken a number of small towns along the frontier. Lieutenant Ramirez, who with a detachment of republican cavalry, has explored the region, is certain that the bulk of the royalists have retired across the frontier and are in Spain.

GREAT CARE TO BE TAKEN TO PROTECT PRESIDENT

Taft to Parade Through San Francisco Streets on Several Occasions During His Stay in That City

SAN FRANCISCO, Oct. 12.—San Franciscans will have the best opportunity to see President William Howard Taft this morning, call for the president's motorcade, since President William McKinley visited the Pacific coast metropolis, a brief period before his assassination at Buffalo.

President Taft will arrive tomorrow and remain until Sunday night and during his stay will pass through the streets on nearly a dozen different trips, his line of march extending from the bay by the ocean and affording an opportunity for a million people, and two millions if necessary, to spread themselves with comfort along the route.

Police instructions, which were issued this morning, call for the presence of the 900 men of the department for duty along the line of march and as escort and protection to the president. Contrary to the usual custom when distinguished visitors arrive, the police will not salute the president. They will turn their backs upon him, and during the whole time that his automobile is in a given block, they will turn toward the crowd, scan carefully every face and watch for any danger to throw anything toward the president's conveyance. Detectives will march along parallel with the crowd, secret service men and more detectives will surround Taft's auto and mounted officers will aid the footmen in keeping the people within bounds.

The following is the official program of the president's visit in this city: The president will arrive at the transport dock, coming from the Oakland celebration, at 5:30 p. m. He will be escorted by a regiment of cavalry and by 32 mounted police in charge of Captain James Kelly, along East street to Market street, crossing to the St. Francis Hotel, where he will arrive about 6 o'clock. He will then rest until 7:30 when he will go by direct route down Post to Stockton to Market to the Palace Hotel, to the large banquet given him by the citizens of San Francisco. Leaving the banquet he will return to the St. Francis Hotel for the night.

SATURDAY MORNING.

On Saturday morning the president will leave the hotel about 3:30 o'clock, going down Powell street to Market to Golden Gate avenue to Van Ness avenue, where he will have already formed to march him to the ground-breaking ceremony. Promptly at 10 a. m. the column will march on Golden Gate avenue to Steiner street, to Fulton street, to Baker street, to the entrance of the Panhandle of Golden Gate Park, where stands McKinley monument. Through the park the parade will proceed to the mun-

seum, where the president will take a seat in the grandstand and review his escort. The executive carriage will then follow in the wake of the procession, which will proceed along ocean valley to the south drive and thence to Stadium, where the ceremonies are to be held. Here a grand review of the parade will be held, after which the program of the day will be completed.

TO ATTEND CHURCH.

On Sunday morning it is the purpose of President Taft to attend the First Unitarian church and he will leave the St. Francis Hotel at 10:45 o'clock, going straight to the church at Geary and Franklin streets. Leaving the church at 12:15, the president will go by the following route to the Cliff House, where he will be entertained at luncheon.

Down Geary to Van Ness, to Golden Gate, to Steiner, to Fulton, to Baker, to the panhandle, along the main drive to the Ocean boulevard, to the Cliff House. After luncheon he will return by the same route through the park to the First avenue entrance, thence to the Presidio, through the Presidio to the residence of R. A. Ross, 2900 Jackson street. From there he will go to Van Ness, to Golden Gate avenue, to Market street, to the Transport dock, where he will embark and visit the fleet anchored in the bay. Returning, he will cover the same route to the St. Francis Hotel, and will be later escorted to the railroad depot, leaving the city Sunday night. Whether he will leave from the ferry or from Third and Townsend streets has not been ascertained.

Captain of Detectives Wall announced this morning that the following upper office men would act as a personal body guard to President Taft: Detective Sergeants Thomas Murphy, Thomas Burke, Daniel Disraeli and George McMahon.

RETURNS OF STRIKE VOTE NOT YET KNOWN

COLORADO SPRINGS, Oct. 12.—Definite returns of the vote taken by employees of the Midland Terminal Short Line and Colorado Midland Railroads to decide whether they would strike because of the refusal of the railroad to grant an increase of ten per cent in the wage scale had not been received this morning and it may be late today or possibly two or three days before the final result will be known. It is intimated that an unofficial canvass favors a strike.

EXTERMINATION OF ISLANDERS THREATENED

Natives of the Aleutians Will All Perish of Diseases Unless Aided.

U. S. Revenue Cutter Manning Reports That Tribes Are Seriously Afflicted.

SEATTLE, Oct. 12.—The revenue cutter Manning, Captain K. W. Perry, which arrived in Puget sound last night from Bering sea, where it had been on patrol duty, brought news that the various tribes of natives on the Aleutian islands are in danger of being exterminated by disease unless the government takes immediate action and furnishes them with medical attention and food. In nearly all the settlements visited the ship's surgeon found the natives afflicted with various ailments, including trachoma, which is increasing at an alarming rate.

The Manning started the cruise April 17, covering a distance of nearly 13,000 miles. The return trip from Unalaska was made in the record time of six days and five hours.

On St. Paul island the government put up a large quantity of seal meat for the use of the natives on Burka, Atka and Attu islands on the Siberian coast, because sickness left the natives unable to procure sufficient fish for the winter.

During the season there were about twenty-five Japanese and four Canadian sealing schooners in Bering sea, but no Americans. All made good catches. There were gross violations of the law reported.

Before the Manning sailed south the revenue cutter Bear completed a cruise to the Arctic ocean, going as far north as Point Barrow. The favorable experience of revenue cutters and all other vessels has been to encounter great difficulties. This year the Bear met none. The officers are at a loss to account for such a condition.

DELAYS NORMAL, AVER OFFICIALS

Striking Shopmen Disagree and Say System Is Demoralized.

SAN FRANCISCO, Oct. 12.—Southern Pacific railroad officials today said trains are running with only a normal number of delays. The striking shopmen issued a statement from their headquarters to the effect that the service is entirely demoralized owing to the company's inability to keep the engines in repair. President Reguin said that only a few men are working in the local shops and that four negro guards were induced to desert the company today through threats of arrest resulting from the display of firearms.

1500 AT WORK.

CHICAGO, Oct. 12.—There was no picketing in the vicinity of the Illinois Central shops at Burnside by strikers today as a result of the injunction issued by United States Judge Humphreys at Springfield, Ill. Nearly 1500 men reported for work.

STRIKEBREAKERS ARRIVE.

GRAND ISLAND, Neb., Oct. 12.—The first installment of about 30 strikebreakers from the east arrived here today. No violence attended their arrival. Strikers say that 50 helpers went out yesterday.

BURGLARS AT WORK.

SAN FRANCISCO, Oct. 12.—While the family were in the front room last night burglars broke into the residence of H. W. Fry, 225 Folsom street, and stole jewelry to the value of \$1000 and \$100 in cash.

Auction Sale!

18 DEAD, MANY MISSING IN MEXICO

Storm Leaves Death in Wake When it Sweeps Western Coast.

The Town of Rosalia Without Food and Water for Five Long Days.

NOGALES, Ariz., Oct. 12.—The total list of dead in the storm which swept the western coast of Sonora, Mexico, a week ago today, has been definitely fixed at 18, according to official railroad reports received today, although there are many more missing. Guaymas has not been destroyed, according to advices, nor has it suffered anything approaching a disaster.

Seventy-five miles across the Gulf of California, however, the town of Rosalia with 5000 people, has been for five days without any water excepting scant supplies sent irregularly from Guaymas across a turbulent sea. "The Bollo," property of the Santa Rosalia Copper Company, suffered damage estimated at \$2,000,000.

On account of the interruption of railroad traffic food supplies have been short in and about Guaymas and Rosalia. High prices are prevailing.

MUCH DAMAGE DONE.

TUCSON, Ariz., Oct. 12.—Official reports received today by Epes Randolph, president of the Southern Pacific lines in Mexico, state that the damage wrought in Guaymas by the recent storm would total from \$250,000 to \$300,000. No loss of life was reported in Guaymas.

STREETS INUNDED.

EL PASO, Tex., Oct. 12.—A special to the Herald says that the tidal wave which struck Guaymas, Sonora, washed out a causeway three kilometers long over an arm of the bay. The wave leaped a seawall and water ran three feet deep in the streets. Trains for the south are running only as far as Hermosillo.

THUG WAS BOLD AND POLITE, TOO

Sorry He Held Up Couple When He Sees Young Woman Faint.

ANTONE ZURICH of 1761 Atlantic street reported to the police today that two negroes held him up on Atlantic street between Wood and Willow streets and stole \$210 from him. The robbery is alleged to have taken place about 7:35 last night, and, according to Zurich, the men were masked and both carried revolvers.

Zurich informed the police that he could give a good description of his assailants, but a search of the neighborhood failed to reveal their whereabouts. This is the fifth holdup reported to the police within the past four days.

MRS. CHESTER IS GRANTED DIVORCE

"Get Rich Quick Wallingford" Loses Wife by Process of Law.

NEW YORK, Oct. 12.—Mrs. George Randolph Chester has been granted a divorce from her husband, a short story writer. Mrs. Chester named in her suit a young woman whom she said her husband introduced at his apartment here last spring as his wife. Chester denied all his wife's allegations.

"If I had known she would take that way, I wouldn't have picked you out," she said.

After seeing the young lady revive the robber walked hastily away. Stout and Miss Thornton followed him to Valencia street, where they lost track of him, but reported the offense to Policeman Hestman, furnishing a good description of the culprit.

The highwayman, alarmed, removed his mask and went to the aid of Stout, saying: "If I had known she would take that way, I wouldn't have picked you out."

OREGON TO BE FIRST IN CANAL

President Taft Promises Northern State He Will Use Influence.

Declares Panama Ditch Will Double Efficiency of the Navy.

SALEM, Ore., Oct. 12.—President Taft, amid great applause, promised the people of the Oregon capital today that the battleship Oregon would be the first vessel to pass through the Panama canal if he had the power at the time to arrange it.

He made the principal speech of his stay here at the courthouse to a throng that filled the square in front of it. Governor West introduced Taft, welcoming him to "a state of popular law and popular government, a state where we have the recall, but where the judges are so upright and so just that we do not need it and they do not fear it."

Taft said he hoped to be able to keep his promise about the battleship Oregon, that if he remained in authority he certainly would.

"And I hope the governor will help me keep it," he added, with a laugh.

The President said the Panama canal would double the efficiency of the American navy, but he hoped the navy never would be used for any more serious purpose than the firing of salutes.

Leaving here at 11 a. m., the President started on a twenty-four hour run down the coast to Sacramento, Cal., with only a few brief car-and speeches scheduled in between.

OAKLAND MAN IS ROBBED OF \$210

Held Up by Pair of Footpads Near Wood Street Last Night.

ANTONE ZURICH of 1761 Atlantic street reported to the police today that two negroes held him up on Atlantic street between Wood and Willow streets and stole \$210 from him. The robbery is alleged to have taken place about 7:35 last night, and, according to Zurich, the men were masked and both carried revolvers.

Zurich informed the police that he could give a good description of his assailants, but a search of the neighborhood failed to reveal their whereabouts. This is the fifth holdup reported to the police within the past four days.

LYTTON BOYS' BAND
TO BE HEARD IN
OAKLANDLads Will Play at All Meetings
Conducted by Commander
Miss Booth.GOVERNOR JOHNSON
CONGRATULATES YOUTHSWonderful Work Commended
by Executive After Hear-
ing Concert.

In connection with the visit of Commander Miss Booth of the Salvation Army to San Francisco and Oakland, a feature of considerable importance will be the coming of the Lytton Springs Orphanage band. This band will be at all of the services conducted by Miss Booth. Oaklanders have little idea of the great work that is being accomplished by the army at the Lytton Springs industrial farm. There are 630 acres of land, upon which there is a dairy, a chicken farm with over 2000 laying hens and large goat and sheep industry and a great many other industrial pursuits are in progress.

All the work is done by the boys of the home. The policy of the institution is to take boys from the streets of San Francisco, the bay cities and other large cities of the Pacific coast and make them into bread winners. To do this the boys are trained in all sorts of practical employments. Incidentally, the boys are trained in music. In consequence the Golden Gate orphanage can now boast of a very fine brass band, one of the best boys' bands in the state. There are 13 members and they are under the leadership of Ensign Broughton, a musician of considerable talent.

When these boys came to the home many of them scarcely knew what a note was. Today they form a musical aggregation that is a great credit to the Salvation Army.

THREE-WEEK TRIP.
These boys have just concluded a three week trip through Mendocino county and the coast towns and at every place were received enthusiastically and a splendid income was netted on behalf of the home.

Colonel Sharp, the provincial officer of the Pacific coast, is congratulating himself on being able to secure these boys for Commander Miss Booth's meetings and the band is bound to be a great attraction during the army leader's visit to this city.

Last week during Governor Johnson's visit to Santa Rosa, the boys played for the governor, after which the governor shook hands with the musicians and commended them for their playing.

Next Sunday night in the First Congregational church, at Twelfth and Clay streets, where Miss Booth is to speak, the band will furnish the music, and they will also play at all other services conducted by Miss Booth in San Francisco and Oakland. These boys receive no remuneration whatsoever for their playing, but give it gratis for their home and for the good of the cause.

FRESNO-MONTEREY
ROAD IS PLANNEDFeasibility of the Project Is to
Be Investigated by
Citizens.

FRESNO, Oct. 12.—President Giffen of the local Chamber of Commerce today named a committee to investigate the Fresno-Monterey railroad project, to report as to its feasibility and the best method of financing the enterprise should the report be favorable.

The commissioners are: Louis E. Blinck, banker; W. B. Holland, merchant; John W. Short, postmaster and committee director; W. A. Sutherland, state assemblyman; F. M. Hill, manager of the Fresno Traffic Association.

The survey is complete and the promoters now want local businessmen to give their final opinion as to the feasibility of its construction.

COMPLAINT SEALED.
Alice T. Kirby has filed a sealed complaint in the Superior Court for a divorce from John T. Kirby, proprietor of the Clinton Hotel.

NINE NATIVE SON PARLORS
TO HOLD MEMORIAL SERVICE

MRS. EMMA MESOW FITCH, who will sing at the Native Sons' Memorial exercises. —Photo by Hartsook.

The program was completed today for the memorial services to be held by nine Native Son parlors of Alameda county, at the First Unitarian church, Fourteenth and Castro streets, next Sunday afternoon at 2:30 o'clock.

Congressman Joseph R. Knowland, past grand president, will deliver the memorial address and Judge William H. Waste the eulogy. Philip M. Walsh will also be a speaker, opening the exercises.

The musical program will be as follows:

Soprano Solo.....Mrs. Carolyn Crew Hill

HEAVY SNOW FALL
HAMPER TRAFFICAll Western Montana Experiences
Worst October Storm
in Years.

HELENA, Oct. 12.—Crews of linemen are at work in all parts of Western Montana today repairing the damage done to telegraph and telephone lines by yesterday's snowstorm, the worst October storm that has visited the State in twenty years.

According to the reports of the Helena weather bureau, which covers Montana, there was no precipitation last night and generally fair weather is predicted for tonight and Friday. The storm was most severe west of the Rockies and in Idaho. In Butte 18 inches of snow was on the ground yesterday and telephones and telegraph, street cars and taxi cab services were demoralized.

MRS. CODY'S FUNERAL
TO BE HELD TOMORROW

SAN LEANDRO, Oct. 12.—The funeral of the late Mrs. Rose Cody, who died near San Lorenzo yesterday, will be held tomorrow morning from St. Leander's church. The ceremonies will be under the auspices of the I. D. E. S. society, of which deceased was a prominent member. A requiem high mass will be celebrated, and the remains will be interred in St. Mary's cemetery, Oakland. Mrs. Cody is survived by her husband, J. B. Cody, a prominent rancher of this section, and several brothers and sisters. Decedent was 27 years old.

Piano Selection.....Eugene Blanchard
Baritone Solo.....Arthur Leyden
The Nite quartet, composed of S. W. MacLewie, first tenor; R. M. Hughes, second tenor; Carl F. Walker, first bass; William Wright, Jr., second bass, will render several selections.

The ceremonies will be held under the joint auspices of Alameda, Alameda, Athol, Estrella, Piedmont, Brooklyn, Berkeley, Claremont and Fruitvale parlors, and will be open to the public.

BERKELEY COUNCIL
A BIT PUZZLEDEntrance of Power Company in
University City Is Not
Clearly Understood.

BERKELEY, Oct. 12.—Mayor Wilson and members of the City Council were surprised today to learn that the Sierra and San Francisco Power Company which has announced its intention of tearing up the Berkeley streets and install a hydro-electric system, formerly known as the Stanislaus Power Company and which has been purchased by the United Railways Investment Company, under which ownership in the power transmission lines was completed and power furnished for the operation of United Railroads lines in San Francisco.

When the notice was filed yesterday that the company intended to invade Berkeley, nothing was known of its standing or origin. No details of the corporation's plans have yet been learned.

City Attorney Staats has begun an investigation of the concern and its intentions regarding Berkeley. J. Blanchard, secretary of the Sierra and San Francisco company, refuses to make a statement to the newspapers regarding the Berkeley enterprise, but said the sudden move would be explained later.

The City Council is in search of an explanation in view of its plan to build a municipal lighting plant which will be a competitor of the new concern, if the latter enters the field. The notification by the San Francisco concern, was a formal one, according to the state law, announcing that it intended to tear up the streets of Berkeley at an early date to install its plant. Today being a holiday, the city attorney and councilmen have not been in conference upon the subject.

COW NOT WELCOME
IN COLLEGE CITYCitizen Protests Against Measure
Allowing Six Rovies
to Family.

BERKELEY, Oct. 12.—The lowly cow and the privileges to be accorded her in the college city was discussed with solemnity at a meeting of the city council last evening, to which the public had been invited.

A new ordinance, introduced into the council yesterday, increasing the number of cows that may be kept by a single family from two to six, was considered. T. B. Seagrist, president of the Columbia Civic Improvement association, was the only protestant against the proposed measure. He recently circulated a petition asking the council to permit no more than one cow to a family in all sections of the city. The present ordinance allows one cow east of Grove street and two west of that thoroughfare. Seagrist declared that if the council did not pass a more restrictive ordinance, citizens would make use of the initiative to secure one. The new ordinance was referred to the committee of the whole for further consideration. It provides for one-quarter of an acre of land for each cow kept, and that the number of cows shall not be more than six to a family.

HAS PREMONITION
HE IS GOING
INSANEAged Man Writes Note of
Instructions to Police and
Loses His Mind.OAKLAND WOMAN IS
MENTIONED THEREINLoss of Wife by Divorce Is
Attributed as Cause of
Misfortune.

SAN FRANCISCO, Oct. 12.—Feeling instinctively that he was going insane because of his lonely life and the worries which had been his since he had divorced himself from the wife with whom he had lived for a quarter of a century, Henry W. Benner, 70 years of age, a barber, scribbled a short note last night and went out of his mind a short time after.

"If anything serious should happen to me notify Mrs. M. O. Smith at 644 Twelfth street, Oakland," was the message written by Benner as he felt his reason slipping from him yesterday. Last night friends observed that he was acting queerly and a watch was set upon him, resulting in his removal to the detention hospital this morning and the finding of the note in his pocket.

Benner, who resides at 4008 Twenty-sixth street, lived up to eight years ago in Tuolumne county, and on August 3 last obtained a divorce from his wife, telling Judge Graham that because of his deafness and his little eccentricities his better half had told him he was a nuisance and that she had no longer any pleasure in living with him. The aged man has been working along at his trade in a shop in the Mission, and the friends who have been his life, and finally played upon his mind and broken his reason.

ARE OLD FRIENDS.

Mrs. M. O. Smith, the woman living at 644 Twelfth street, to whom Benner wanted word sent if anything serious happened to him, when she saw this afternoon had heard nothing of Benner's misfortune.

"We are old friends of Mr. Benner," Mrs. Smith said, "but although I received a letter from the old gentleman this morning, written yesterday, he gave no indication of his coming trouble, unless it was that he told us of a dream he had had three times in succession, and which he evidently made a deep impression on him. He was absolutely without any superstitions, and I think worry over this dream and over his domestic troubles must have caused his mental breakdown. He has been living all alone out in the Mission, and has been coming over here to see us. He has sons in San Francisco, but they neglect him and he has been alone in his troubles."

THERE'S NAUGHT
IN A COGNOMENA "Purple Cow" by Any Other
Name Will Give as Sweet
Milk.

"What's in a name, anyhow?" is the theory maintained by Mrs. Nellie Maxwell, the Piedmont society woman, who has been engaged during the last two weeks at establishing a model dairy among the hills of that exclusive town. Announcement was made the latter part of September that the "Purple Cow" would soon be supplying pure rich produce to the elite of that section at a fair rate of profit to the producer. It was believed that the dairy would be an innovation in this part of the country and a challenge to the well-known milk canning industry.

Now, however, it has been discovered that the "Purple Cow" is not singular, and rather than operate under an appellation that might be in the least plebeian, Mrs. Maxwell has decided to call her dairy experimentally "Milkmaid's Dairy." The name was chosen in the hills of South San Francisco, it has been learned, that another herd has been designated "Purple Cow," and inasmuch as the Piedmont dairy is striving for a reputation for pure products rather than for a fancy name, the change was decided upon. Otherwise, it is announced, "the plans for the dairy remain unchanged."

In spite of the fact that she had paid \$10 to Miss Mary Stricker, a 12-year-old school girl, for the name that turned out to have a duplicate in the same line of business, Mrs. Maxwell could not resist the temptation to register together with some paper money, had been dragged out by mice and was found behind the register concealed in a crevice. The ring was in good condition, but the money was badly mutilated.

FINNS FEAR FOR THE
PARTITION OF NATION

HELSINKI, Oct. 12.—The citizens of Nikolai, the chief town of the government of Vasa, have addressed a letter to General Langhof, secretary of state of Finland, asking him to step in Finland's representative of the throne has taken to avert the terrible danger of partition which is agitating the country.

In parts of Finland movements have been started in protest against the bill, approved by the czar for submission to the duma, cutting off Kivipede and Nykirkja parishes from Viborn province and adding them to the province of St. Petersburg. This measure is regarded by the Finns as the first step in the partition of Finland.

FASTEN CRIME ON MICE.
DANVILLE, Ill., Oct. 12.—Several alleged crooks who have been under the eyes of the police department for several days, suspected of having stolen a diamond ring and some money from a saloon here, breathed a sigh of relief yesterday when both ring and money were found. Mice were the thieves. The ring, which had been left in the cash register together with some paper money, had been dragged out by mice and was found behind the register concealed in a crevice. The ring was in good condition, but the money was badly mutilated.

MASONIC ORDER
HOLDS MEMORIALGrand Lodge of Order Pays
Tribute to Departed
Members.

SAN FRANCISCO, Oct. 12.—This morning memorial services were held by the grand lodge Free and Accepted, Masons of California for two past grand masters who died within the last year. They are the late Edmund C. Atkinson and the late William M. Linton.

This afternoon resolutions of respect were presented to the grand lodge in behalf of George Johnson, for eighteen years grand secretary of Masons in California, who died in San Francisco Tuesday evening.

The election of officers for the coming year is in progress, and it is expected that according to precedent Deputy Grand Master Alonzo J. Munroe of Berkeley will be advanced to the new grand mastership.

On Friday the grand lodge will assist in the laying of the cornerstone of the new \$1,500,000 city hall in Oakland.

After an effort of more than a year to obtain a session of the grand lodge in Los Angeles the delegation from the south won its point yesterday, and the next annual communication of California Masons will be held in that city October 19, 1932.

LARGE ATTENDANCE.

The attendance at the cornerstone laying of the new Masonic Temple yesterday at the corner of Van Ness avenue and Grove street was the largest ever recorded in the history of the order in California.

The occasion was delivered by Samuel M. Shortridge, who said in part: "We have gathered to lay the foundation stone of a temple to His honor and glory."

"Masons have come here from all portions of the state, from the wondrous northland, the fertile southland, the beautiful valley and the snowy mountains. We are all Masons, all equals and consecrated to the same principles of divine faith."

"We come with proud memories of this order. With a record before Carthage rose in splendor, before the Parthenon was built on the acropolis, Athens, and before the Roman eagle flew across the mountains, and long before any government now existing has begun."

"We are laying the foundation stone of this temple, which will signify and stand for the great principles of our order."

"May the light of the morning play upon its front and the light of the evening reflect on its walls, and may the truth, for which it stands, survive the wreck of nations, and should the building crumble and fade away, may your children and my children rear another temple to Masonry and God."

PEANUT ROASTER BLOWS
UP, INJURING TWO MEN

NEWARK, Ohio, Oct. 12.—Two persons were fatally injured and the lives of dozens of others were put in peril when a peanut roaster, which was being operated at a prominent intersection, exploded and scattered fragments of the machine over two city blocks.

Edward Grady, a machinist, who was walking on the street a block away, had his head practically split open when he was struck by the flying cylinder head. Physicians say he will not survive the night. Gus Pritto, a Greek, who owned the machine, was also badly mangled.

WALNUT CREEK WATER
COMPANY RUSHES WORK

WALNUT CREEK, Oct. 12.—Work is progressing for the Walnut Creek Water company. Foundations for the reservoir and tanks are completed and the pipe has arrived and is now undergoing a picking process in Oakland and will shortly be shipped to Walnut Creek. The amount of pipe being prepared for the company in Oakland is as follows: Three thousand four hundred feet of five-inch and 10,000 feet of four-inch. The work will be rushed on the arrival of the pipe in order to give the citizens an excellent water service.

COMEDY EVENING
SCHEDULED FOR
THE HOME CLUB

MRS. ARTHUR HUTCHINSON.

A last rehearsal will be held tonight by the young woman of Cresca Circle, King's Daughters, of the Twenty-fourth Avenue M. E. church, for the evening of comedy to be presented tomorrow at the Home Club in East Oakland.

The comedies to be given are "The Kleptomaniac" and "Barbara." The first is by Margaret Cameron and the latter by Jerome K. Jerome.

The players are being coached by Mrs. Ira M. Allen, a well known dramatic reader, and the natural aptitude of well selected casts gives promise of almost professional rendition.

"The Kleptomaniac" is filled to overflowing with a peculiar humor that finds its expression in the detective ability of "Peggy," who has lost her purse at an afternoon recital, and her friends in an effort to locate the thief, secure a return of the lost valuables and at the same time keep the knowledge of the loss from her husband and the newspaper. There is no need of mankind in the play and the parts will be filled with Mrs. Leland Clark, Miss Marie Nelson, Mrs. Arthur Barber, Mrs. John Stoner, Miss Eva Gunn, Mrs. Arthur Hutchinson and Miss Hazel Gunn.

The work of "Barbara" is divided into two male and two female characters and the even balance is maintained by Miss Alma Wagner, Miss Helen Mole, Edgar Thompson and Arthur Hutchinson.

The evening's entertainment will be further added to by the appearance of the Fremont High School orchestra that will render a short program of music. The proceeds are to be devoted to charity.

FAMOUS BARITONE TO
APPEAR IN CONCERT

BERKELEY, Oct. 12.—The beginning of the second season of concerts by the Berkeley Musical association tomorrow evening at Harmon gymnasium, on the university campus, will be marked by the appearance of Signor Pasquale Amato, principal baritone of the Metropolitan opera company of New York; Madame Gilda Longari and Signor Fernando Tanara.

Signor Amato has appeared with marked success in the principal opera houses in Germany and Italy. During the seasons of 1908-7 and 1907-8 he was leading baritone of La Scala, Milan. Amato is considered to have one of the most beautiful voices of the Italian lyric stage. She has sung during recent years at the most important theaters in Italy and other Latin countries. Signor Tanara is the pianist, and the conductor of the Metropolitan opera company.

OAKLAND PEOPLE
AT APPLE SHOWBig San Jose Crowd Attended,
Headed by Fifth Regiment
Band.

WATSONVILLE, Oct. 12.—Visitors from the Oakland-San Jose section to the number of 2000 attended the apple annual here yesterday. The San Jose contingent arrived early in the morning headed by the Fifth Regiment band. The attendance was the largest in the history of the event.

The morning's feature was an industrial parade that included three miles of wagons freighted with bright red apples. It required more than an hour and a half for the parade to pass a given point. Interspersed with the fruit wagons were comic floats of all sorts and automobiles, one carrying Dr. Gorlick, the Austrian Consul at San Francisco, and other distinguished foreigners of the metropolis. Congressman and Mrs. J. C. Needham were visitors today, together with many members of the State Legislature.

PIES FIND FAVOR.

One of the features was the remarkable sale of pie at the booth in the big pavilion. This is maintained by prominent women of the city, who bake the pies in sight of the visitors for instant consumption. While the booth had been doing what is termed a "land-office business" all week, today's crowd appeared to have especial appetite for pie, and they were taken so fast that relays had to be resorted to in order to keep up with the demand.

At 6 o'clock there was not a sliced apple, nor a pound of sugar, nor an ounce of flour left, and in order to prepare for tomorrow's crowd the booth had to take a vacation in order to restock.

PIONEER SHIP'S
MASTER IS DEADCapt. William A. Irvine Passes
Away at Home of a
Friend.

FRUITVALE, Oct. 12.—Captain William A. Irvine, a pioneer sea captain of the Pacific coast, is dead at the home of an old friend, Samuel Batton, 3151 Hyde street, Fruitvale. Captain Irvine died from fatty degeneration of the heart after a long illness of more than a year. Before going to the Batton home decedent was an inmate of the German Hospital. Irvine was 69 years old and a member of California Harbor No. 16 of American Association of Masters and Pilots. He was for many years in the employ of the Pacific Mail Steamship Company on the San Francisco-Panama run.

The funeral will be held tomorrow from the home of the Truman Undertaking Parlor in San Francisco. Interment will be in Woodlawn cemetery.

FRIENDS PAY TRIBUTE
TO MORGAN'S MEMORY

SAN LEANDRO, Oct. 12.—The funeral of the late Jack Morgan, pioneer resident of this place, who died last Monday, took place from St. Leander's church in this morning. Requiem high mass was celebrated by Rev. Father Garvey. The chief mourners were Philip Morgan, a brother; two sisters and several grandchildren. The remains were interred at St. Mary's cemetery, Oakland. Decedent was 54 years of age and was prominent in business circles here.

BERKELEY GIRL DIED
OF PNEUMONIA TODAY

BERKELEY, Oct. 12.—Gertrude Marie Butts, 18-year-old daughter of William Butts, a railroad employee of 2023 University avenue, died of pneumonia early today at East Bay Sanitarium.

THE reason why travelers are so pleased after a trip on the New York Central Lines is because every employee takes pride in seeing that they are given perfect service.

Every convenience and comfort are provided, the trains are fast and frequent, and the route is "Water-Level," via the

Athletics and Giants Will Place Full Teams for World's Championship Series

OAKLAND PUTS BIG CRIMP IN HOGAN'S PENNANT HOPES

Swat Stewart Out of Box and Give Kilroy Merry Lacing in Second Game of Series; Ables Is Always Good

Harry S. Wolverton, fighting and game to the last, gave the Vernon Tigers an awful jolt as far as their pennant hopes were concerned over the bay yesterday afternoon and when the jolting was all over those Oaks had a big figure "eight" on the score board and Happpicus had a wee little one.

As for the game, it was all over in the very first round as far as the score was concerned. Harry Stewart who can hurl the pellet in real big league form on somebody's else yard started for the Happpicus fellow who never finished for four bingles in the very opening round put him down and out and then into the street came the rest of the day.

KILROY TAKES A HAND. With gloom settling on the Happpicus bench Happpicus called on the reserve to stem the onslaught and give Kilroy a hand. Kilroy took up the burden and O. Kilroy did fairly well, but swats of a swattable nature made his stock look a little low.

This feller Tiedemann and this feller Wolverton took swings at the ball on several occasions, especially in the fifth inning and swatted the pellet so far out of the lot that some small boy found it over on Fourteenth street.

Otherwise we might say that O. Kilroy was a good pitcher yesterday.

HOW THE TROUBLE BEGAN. With Vernon out of the way in the opening round, Happpicus took a crack and the ball and the handsome score gave him a dot in the B. H. column for his efforts. Happpicus was a two-bagger.

Bert Coy, was next to the swatter's box and Bert treated his old team mate rudely for he nearly pasted the sphere of the lot in a two-bagger. Tiedemann then gathered a single and tally one was over the rubber, Coy going to third. Stewart then cut loose with a W. P. and Bert registered.

This was too much for Happpicus and he yanked Harry and sent Orovillo to the rubber and after Zacher and died out to Ross Wolverton whalloped the pellet to right, registering Big John. Cutty fanned and Wares was tossed out at first.

MORE RUNS FOR OAKLAND. In the third a combination of boots and bingles and a single on the part of the Happpicus gave the Oaks another and in the fifth they grabbed two and these two were earned, well earned at that.

Coy opened the fifth and was out in the brush for Patterson. Then came Big John who hit the ball hard enough to carry it to the ferry building from the ball park.

Zacher, he gives Bingles a hard chance and was out at the initial sack. Mr. Wolverton thought it best to show Big John that he wasn't the only one who could swing a bat and it was a nightmarish swat that sent him to the fence.

He took all the heat out of the game so the fans just sat back and watched the balance of it without interest. Here's the result:

COMBINATION TEAM OF U. C. DEFEATS BOYS FROM PACIFIC

What was originally intended to be a football game between the College of the Pacific and the freshman team of the University of California was made a combination affair by the California varsity second squad playing the first half and the baby team the second, in which the combination came out victors by a 10 to 0 score.

In the first half the second varsity team played a wonderful game, though the defense of the San Jose team was particularly good and the strong varsity reserve could only score eight points in this half of the play. The second varsity squad on many occasions showed variety in their passing rallies, and eventually Harlowe scored a good yardage and kept up a good attack, the ball, but he made a beautiful take and got his own pass away well.

In the second half the baby team was sent in, and the College of the Pacific team showed real class against this squad, which was more of the caliber they should have been pitted against. Had the baby team played from the start it is more than likely the San Jose team would have won the game.

The feature of the game was the spectacular defense and the baby team showed a good game against the baby team and showed to good advantage in all departments. The defense was aggressive and kept up a good attack, the ball, but he made a beautiful take and got his own pass away well.

STANFORD FRESHIES PROVE TOO FAST FOR ST. MARY'S

STANFORD UNIVERSITY, Oct. 12.—The St. Mary's fifteen made its first appearance on the Stanford field yesterday afternoon in the game with the Stanford football team. The game resulted in a victory for the freshmen by a score of 3 to 0. The first half resulted in a draw, with neither side able to break into the other's defense.

The playing of both teams was about equal. The whole, but the passing and kicking of the Stanford team was about equal. The captain, was a feature of the varsity game, was a feature of the varsity game, was a feature of the varsity game.

In the second half the game consisted of continual sawing of the leather back and forth about the center of the field. In the middle of the half Thorburn secured from the field and transferred to Erb, who dashed over for a try, which was not converted. The lineup: Bell, Greig, Morris, Poppa, Cann, Gault, half; Diavala; Fives, Ince, Childs; center, Simpson; wings, Stolz, French; full, Lehardt.

Stanford freshmen—Forwards, Wines, Soper, Dutton, Blosser, Wilson, Haves, Hays, Jacomini; half, Clark; backs, Erb, Slimy, Cookson, Templeton; full, Hutchinson.

WOMEN TENNIS PLAYERS TO HOLD TOURNAMENT

The women tennis players have decided to hold a bay counties championship tournament. Last year this event was not taken place, owing to the fact that Miss Hotchkiss registered three wins on the cup and gained permanent possession of it.

The tournament this year will be under the auspices of the Woman's Annex Tennis club and the winner will be awarded with the Larsen gold medal. It is scheduled for October 21 on the courts at Golden Gate Park. All players residing in the bay counties are eligible and the entries should be sent to Mrs. Fletcher at 165 Collingwood street, San Francisco. Entries will close on Thursday, October 19, and the drawings will be held at 3 o'clock of the same day at the park. Best of the championship medal there will be a prize for the runner up and also semi-final prizes.

FOOTBALL RALLY TO STIR ENTHUSIASM

UNIVERSITY OF CALIFORNIA, Oct. 12.—To arouse enthusiasm for next Saturday's football game between the California freshmen and the University of Southern California team, a rally will be held in Harmon gymnasium tonight. Speakers will be Professor H. F. Scholz and Don E. Smith, "Jimmy" Schaeffer, Robert Fitch, E. L. Watts, Captain Elliott, Walter Christie and Charles Volz. Besides the addresses several stunts have been arranged to be given by several old football men.

AVIATOR AGAIN HURT.

BLOOMINGTON, Ind., Oct. 12.—Though he had not recovered from a recent drop to earth at St. Louis, in which both his legs were broken, Horace Kearney, an aviator of that city, attempted an exhibition flight here yesterday and fell again and was seriously injured. He walked with a crutch when he came to the Indiana university campus to start his biplane.

COBB AND SCHULTE ARE PICKED AS BEST PLAYERS

Commission Award Them Automobiles for Classiest Season Records.

CHICAGO, Oct. 12.—The commission which yesterday selected Ty Cobb of the Detroit Americans and Frank Schulte of the Chicago Cubs as the players in each major league who proved of greatest help to their team in the pennant races just closed, made its choice by secret ballots cast by 11 newspapers, one in each city represented in the big leagues.

Ed Walsh of the White Sox was second in the American league voting and Mathewson of the New York Giants ran second in the National league. Eddie Collins was third, Joe Jackson fourth, Walter Johnson fifth in the American league and Cy Young sixth.

Cobb was given the high compliment of the highest number of points possible for any player to attain under the system of voting. Each member of the commission voted for eight players, arranging them in their order of excellence in this year's work, according to his opinion. The first player named on each ballot was credited with eight points, the second player with seven points and so on until the eighth man on the ballot was given one point. Cobb received 84 points which shows that every one of the men who voted on the American league players placed Cobb's name at the top of the list.

The first game in the Junior Football league at St. Mary's college was played yesterday between Petaluma and Honoluli, which resulted in a victory for Petaluma by the score of 11 to 3. The game was a close contest throughout, the first half ending with no scoring.

All the point making was done in the last few minutes of play in the second half. For the victor, Captain Hesley, W. Sweeney, Gochison, Regetti and Chinn did well, while J. Maher, McNamara, Young and G. Maher of the losers also played good game.

There are four teams entered in the league and judging from yesterday's game the series bids fair to be a success.

ALAMEDA HIGH GOES TO RENO

The Rugby 15 of the Alameda high school will leave for Reno tomorrow afternoon to play with the Rugby team of the Reno high school, which recently won the championship of Nevada. The Alameda 15 will be composed of the following players: Forwards, Clapp, Sharpstein, Frick, Pearson, Tilden, Pollard, Baum, Seaborn, Slobom and Brewer; backs, W. Schmidt, Bruzzone, Howe, Gay, Hardin, Beach, Larkin and Culver.

LOCKHART DEFEATS HARRIS.

SAN FRANCISCO, Oct. 12.—At the Grane last evening Lockhart defeated Harris in the third cushion tournament. Harris was the victor in the first two. Tonight Jameson will play Hewitt.

Sit Up Until 3 A. M.

every night. Puts you in fine shape to work—just like smoking All-Havanas steadily. Better be careful and change over to a light, harmless cigar—part Havana, part domestic—a

BATTLING NELSON IS REAL CARD IN BIG NEW YORK GO

NEW YORK, Oct. 12.—"Batling" Nelson won handily last night in a ten round bout from "Willie" Beecher, a local lightweight, who twice defeated "Knockout" Brown. Nelson was cheered by a large crowd of boxing enthusiasts, for it was the old champion's first fight in New York.

At the start Beecher appeared the more clever, and landed rights and lefts to the face and body almost at will, but the westerner took the beating, as he was constantly backing up. At the end of the first round, Nelson was cheered by a large crowd of boxing enthusiasts, for it was the old champion's first fight in New York.

In the third the "Battler" came up fast, reaching Beecher with hard rights and lefts to the face which drew blood from mouth and nose. Beecher seemed tired at the going. The fourth was nip and tuck, and in the fifth Beecher made a target of Nelson's head, but without avail. Nelson got back with some of his famous body punches.

From this on Battling was always going in hard, head first, with Beecher constantly backing up. At the end of the ninth and tenth rounds the local man appeared glad to hear the bell. It was the general opinion that Nelson won handily.

A MOB STORMS OFFICE FOR TICKETS TO BIG SERIES

NEW YORK, Oct. 12.—More than a thousand baseball enthusiasts stormed the headquarters of the New York National League Club today to buy tickets for the world's series. Some had been in line since 10 o'clock last night. When the doors were opened at 9 a. m., the crowd rushed the policeman on guard off their feet. Hats were lost, coats torn off and the floor was littered with torn clothing.

Speculators who had agents sprinkled through the line, comforted them during the long night's wait by frequent relays of sandwiches and coffee.

The tickets were limited to four for each person.

GRAVESEND TRACK TO BE SOLD TO PAY DEBTS

NEW YORK, Oct. 12.—Turkmen here have about come to the conclusion that racing will not be legalized in the near future. Phil Dwyer, president of the Brooklyn Jockey Club, said yesterday: "There will be a meeting of our club Friday which will decide whether we shall hold on to the Gravesend track, which we own, or whether we will sell it."

I shall advise the jockey club to sell the track, for, in my opinion, horseracing cannot come back inside of two or three years. And I think we'd be better off getting some return from the track by way of a sale rather than letting it lie idle."

SALMON HATCHERY AT SACRAMENTO IS BUSY

SACRAMENTO, Oct. 12.—The National and State governments are co-operating in the establishment of an experimental salmon hatchery on the Riverside road just outside of Sacramento. Tuesday 50,000 salmon eggs were sent there for hatching. A complete and well-equipped plant has been established, in charge of Frank Shelby, superintendent of the hatchery at Eason. Hereafter hatching has been done on the upper branches of the Sacramento river, on the theory that by the time the young fish have made the 200-mile trip down the river to the bay they would be large enough to take care of themselves. It is found, however, that thousands get lost in the sloughs, where they die eaten by birds.

The new plan is to hatch them here and keep them until they are big enough to fight their own battles, and then release them near tide water.

BURNS ARRIVES AT LOUISIANA METROPOLIS

NEW ORLEANS, Oct. 12.—Frankie Burns arrived here today to complete training for his ten-round bout with Monte Attell at the Orleans Athletic Club October 23. Attell is boxing at Bay St. Louis with Joe Mando and Ad Delmont.

K. O. BROWN INJURES HAND; WON'T COME TO BOX BURNS

Over the Bay Promoters Stalled for Suitable Card in Roped Arena, but Are Still Hopeful

All is not rosy for the fight fans in these necks of the woods, for a late wire from the hills brings the woeful news that "Knockout" Brown has a very sore hand and will be unable to enter the roped arena for some little time to come. This means that Sorrell-Topped Jim Griffin will have to look elsewhere for someone to mix it with Frankie Burns this month. It also means that Griffin is stalled plenty as to giving the fight fans a real live attraction, but he is not discouraged as to be able to do something and will most likely stage several ten-round bouts between local men.

It is next to impossible for the San Francisco promoters to secure the big ring stars at the present time and their only chance to get back in the game again lies in the killing of the game in New York. According to the latest advice, the game is gone there, and after the present month they won't even be allowed to exhibit a boxing glove.

BROWN MAY BE STALLING. Brown in his wire to Griffin promises to come out here next month and box anybody the local promoters may place out, provided, of course, that the man selected makes the lightweight limit, 133 pounds. The chances are that Brown is stalling around back in Gotham in an effort to find out whether the game is to be killed off there.

It is too bad, indeed, that the local fans don't have the opportunity to take in a high class boxing exhibition. Certainly they are willing enough to pay their good money to see the stars of the ring. But they will not fall for the third and fourth rates, this has been shown by a large crowd of boxing enthusiasts, promoters should realize it by this time.

An attraction such as Griffin is planning should draw far better than a 20-round mill between a couple of ham and egg performers. If the North Beach promoter boxes a good one against his sizes, weights and colors and makes them tear in and fight, then the card should prove a worthy one and, incidentally, result in a first night success.

FRAYNE COMES BACK HOME. Johnny Frayne, the local lightweight, who lost a 10-round decision to Matty Baldwin in Salt Lake City Monday evening, returned last night, accompanied by his manager, Al White. Both Frayne and White are very much dissatisfied with the verdict, and in their estimation the worst Johnny should have received was a draw.

The decision was given in a peculiar way. Captain Cox of Reno, who acted

GIRL ATTEMPTS TO END HER LIFE

Broken Down as the Result of Long Suffering From Eye Strain.

SAN FRANCISCO, Oct. 12.—Broken down under the strain of continual suffering, the result of eye trouble, Miss Josephine Akers, a sixteen-year-old girl, attempted suicide this afternoon at her home, 1569 Turk street, by swallowing carbolic acid.

She was hurried to the Central emergency hospital in an unconscious condition and has about an even chance for recovery.

According to information given by Dr. Matilda Feeley, a friend of the family, the girl had been under treatment for blindness. Her physician, Dr. E. J. Eberberg, had said she could be restored to sight, but she daily suffered great pain and it is supposed that the strain was too much for her and during the absence of her mother from the room this afternoon, she drank the contents of the phial of the poison.

At the hospital Dr. Eberberg applied the stomach pump and worked hard in an effort to save her life. Dr. Feeley called to the hospital and Miss Akers was removed to a private sanatorium.

AMBITION TO GAIN LASTING FAME

Attempts Made to Get Names Enclosed in the City Hall Cornerstone.

It was discovered today that a number of Oaklanders, desirous of posthumous fame, last night made an attempt to enclose their names in the cornerstone of the new city hall.

The names, together with some notes and communications to future generations, were forced through a small aperture between the larger, or base stone, containing the receptacle, and the cap.

Architect Walter D. Reid and Inspector Robert Moulds discovered the strange relatives today. Several were from Oakland, and high school boys, stating that they had voted for woman's suffrage, while others told of dances and parties held at Oakland residences in honor of Taft day.

Three large arc lamps have been temporarily erected in the city hall excavation, and the scene of the big celebration is being guarded carefully during the night to prevent an overt act being planned to disrupt the ceremony.

Henry Hornbostel, the architect who, with George Palmer of New York, designed the new city hall, for Oakland, arrived from New York this afternoon to present the dedicatory address at the cornerstone. The New York architect will be the guest of Superintendent of Construction J. J. Donovan and Mayor Frank K. Mott during his stay of some three weeks in Oakland.

He is being present at the ceremony tomorrow, Hornbostel will direct the initial work of construction on the municipal edifice.

BOY SCOUTS TO ESCORT VISITORS

Berkeley Troops and League Youths Will Be in the Taft Parade.

BERKELEY, Oct. 12.—Berkeley troops of the Boy Scouts of America will escort the boys of the Young Australian League, who are visiting in this city, to San Francisco Saturday morning to participate in the parade in honor of President Taft. After the parade they will witness the ceremony of the groundbreaking for the exposition in Golden Gate park.

The Scouts will assemble at Berkeley station at 8 o'clock Saturday morning in full uniform. Scouts of the American Legion, M. J. Jenkins and several Scout troops will accompany the boys. They will join other delegations from this part of the bay who will participate in the parade.
